

# FINAL BILL REPORT

## SB 5913

---

---

C 26 L 12  
Synopsis as Enacted

**Brief Description:** Increasing the permissible deposit of public funds with credit unions.

**Sponsors:** Senators Prentice, Hobbs and Benton.

**Senate Committee on Financial Institutions, Housing & Insurance**  
**House Committee on Business & Financial Services**

**Background:** Credit unions are nonprofit corporations that promote thrift and create a source of credit for their members at reasonable rates of interest. Seven or more natural persons who reside in Washington may apply to the Director of the Department of Financial Institutions for permission to organize as a credit union. Upon the Director's endorsement that the proposed articles of incorporation and bylaws are consistent with legal requirements, and at the Director's determination that the proposed credit union is feasible, the formation of the credit union may proceed. One of the requirements of the bylaws is a statement of the credit union's field of membership. A credit union's field of membership is the limitation of membership to those having a common bond of occupation or association, or to groups within a well-defined neighborhood, community, or rural district.

The powers of a credit union are specified in statute. These powers include receiving deposits, making loans, and paying dividends and interest, among others. The National Credit Union Share Insurance Fund (NCUSIF) has insured deposits in credit unions of up to \$250,000 since September 2010.

Public funds are those monies belonging to or held for the state, its political subdivisions, municipal corporations, agencies, courts, boards, commissions, or committees, and includes monies held in trust. During the 2010 legislative session, credit unions were authorized to receive public deposits up to the lesser amount of \$100,000 or the maximum deposit insurance by NCUSIF.

**Summary:** State and federally chartered credit unions are public depositaries only for the purpose of receiving public deposits, which may total no more than the federal deposit insurance limit. The maximum amount of deposit applies to all funds attributable to any one depositor of public funds in any one credit union. Credit unions are subject to the Public Deposit Protection Commission's regulatory authority and reporting requirements when acting as a public depository.
