### SENATE COMMITTEE ON WAYS & MEANS

**Staff:** Brian Sims (786-7431)

**Background:** Washington State operates on a biennial budget cycle. The Legislature authorizes expenditures for capital needs in the capital budget for a two-year period, and authorizes bond sales through passage of a bond bill associated with the capital budget to fund a portion of these expenditures. Approximately one-half of the capital budget is financed by these state-issued general obligation bonds; and the balance is funded by dedicated accounts, trust revenue, and federal funding sources. The primary two-year budget is passed in the odd-numbered years, and a supplemental budget making adjustments to the two-year budget often is passed during the even-numbered years. The current capital budget covers the period from July 1, 2011, through June 30, 2013.

**Summary of Engrossed Bill:** Supplemental capital budget appropriations of \$378.1 million are made for the 2011-13 biennium, including all appropriation increases and decreases. State agencies are authorized to enter into alternative financing contracts for projects totaling \$189.8 million.

**Appropriation:** Net changes of \$290 million including alternative financing authorizations

**Fiscal Note:** Not requested.

**Committee/Commission/Task Force Created:** No.

**Effective Date:** The bill contains an emergency clause and takes effect immediately.
