Background: The Legislature created the Washington State Institute for Public Policy in 1983. It conducts non-partisan policy research at the Legislature's direction.

The Institute is governed by a board of directors that includes representatives of the Legislature, Governor, and public universities. The Evergreen State College (TESC) provides fiscal and administrative services, and Institute personnel are funded in TESC's budget.

Unless exempted in statute, state government personnel are subject to state civil service law. Legislative staff and many higher education positions are statutorily exempt. Historically, Institute staff have been classified as exempt, but they are not specifically exempted in statute.

Summary of Bill: Officers and employees of the Washington State Institute for Public Policy are exempted from state civil service law.

Appropriation: None.

Fiscal Note: Not requested.
