### SENATE COMMITTEE ON AGRICULTURE, WATER & RURAL ECONOMIC DEVELOPMENT

**Staff:** Bob Lee (786-7404)

**Background:** The Department of Agriculture is charged with administering the Grain Warehouse Act. Under that act, the department supervises the receiving, storage, weighing and inspection of grain. It also is authorized to conduct audits of warehouses. Warehouses that store specified agricultural commodities are required to be licensed and bonded. Funding for administering the program is derived from the fees paid by licensees which are placed in a separate non-appropriated account.

**Summary of Bill:** The fees are increased for the following:

- terminal warehouses - the current fee of \$1,350 is increased to \$1,900;
- sub-terminal warehouses - the current fee of \$1,050 is increased to \$1,500;
- grain dealers - the current fee of \$750 is increased to \$1,750; and
- exempt grain dealers - the current fee of \$300 is increased to \$500.

**Appropriation:** None.

**Fiscal Note:** Available.

**Committee/Commission/Task Force Created:** No.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Staff Summary of Public Testimony:** PRO: Due to consolidations of warehouses, funds have declined. Fees haven't been raised for at least a decade. Additional funding is needed to train and employ grain warehouse auditors. There is a need to generate a bit more from fees than the current bill and suggest that the fees for country warehouses also be increased. The industry understands the need to provide sufficient revenue to adequately administer the program.

**Persons Testifying:** PRO: Dan Coyne, WA Assn. of Farmer Cooperatives; Mark Streuli, Department of Agriculture.
