(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury;

(r) Mental health services pursuant to RCW 48.41.220; and

(s) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.

(5) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.

(6) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. No limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

(7)(a) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services <u>or extend beyond December 31, 2013</u>. The pool may not

avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection (8) of this section.

(b) The pool shall not impose any preexisting condition waiting period for any person under the age of nineteen.

(8)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

(9) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

(10) The pool shall contract with organizations that provide care management that has been demonstrated to be effective and shall encourage enrollees who are eligible for care management services to participate. The pool may encourage the use of shared decision making and certified decision aids for preference-sensitive care areas.

Sec. 12. RCW 48.41.170 and 1987 c 431 s 17 are each amended to read as follows:

The commissioner shall adopt rules pursuant to chapter 34.05 RCW that((÷

~~(1) Provide for disclosure by the member of the availability of insurance coverage from the pool; and~~

~~(2)~~)) implement this chapter.

NEW SECTION. **Sec. 13.** A new section is added to chapter 48.41 RCW to read as follows:

For policies renewed beginning January 1, 2014, rates for pool coverage may be no more than the average individual standard rate charged for coverage comparable to pool coverage by the five largest members, measured in terms of individual market enrollment, offering such coverages in the state. In the event five members do not offer comparable coverage, rates for pool coverage may be no more than the standard risk rate established using reasonable actuarial techniques and must reflect anticipated experience and expenses for such coverage in the individual market.

NEW SECTION. **Sec. 14.** A new section is added to chapter 48.41 RCW to read as follows:

Only persons enrolled in a health benefit plan through the pool on December 31, 2013, who do not disenroll after December 31, 2013, are eligible for pool coverage.

which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.
