21 increases in employee point-of-service payments or employee premium  
22 payments for benefits or the administration of a high deductible health

26 as provided in subsection (6) of this section. The board may establish  
27 employee eligibility criteria which are not substantially equivalent to  
28 employee eligibility criteria in effect on January 1, 1993.

29 (4) Except if bargained for under chapter 41.80 RCW, the board  
30 shall design benefits and determine the terms and conditions of

23 not provided by a direct patient-provider primary care practice so that  
24 the total coverage is comparable to other self-insured plans offered by  
25 the board. Additionally, for any plan offered under this subsection,  
26 the direct fee under RCW 48.150.010 is paid by the plan. The board  
27 shall not establish premiums for employees enrolled in any direct

30 of the share of total premium costs paid by employees enrolling in a  
31 traditional comprehensive health plan as required by subsection (3) of  
32 this section. The calculation of an employee's share of total premium  
33 costs for the purposes of this subsection (6)(a)(ii) must exclude the

15 health savings account, upon the cost of health benefits for those  
16 employees who have chosen to remain enrolled in the most comprehensive  
17 plan.

18 (7) Notwithstanding any other provision of this chapter, for any  
19 open enrollment period following August 24, 2011, the board shall offer  
20 a high deductible health plan in conjunction with a health savings

23 benefit plans developed by the board and may be permitted to waive  
24 coverage under terms and conditions established by the board.

25 (9) The board shall review plans proposed by insuring entities that  
26 desire to offer property insurance and/or accident and casualty  
27 insurance to state employees through payroll deduction. The board may

6 the financial viability of the public employees' benefits board's long-  
7 term care offering.

8 (a) Participation of eligible employees or retired employees and  
9 retired school employees in any long-term care insurance plan made  
10 available by the public employees' benefits board is voluntary and  
11 shall not be subject to binding arbitration under chapter 41.56 RCW.  
12 Participation is subject to reasonable underwriting guidelines and  
13 eligibility rules established by the public employees' benefits board  
14 and the health care authority.

15 (b) The employee, retired employee, and retired school employee are  
16 solely responsible for the payment of the premium rates developed by  
17 the health care authority. The health care authority is authorized to  
18 charge a reasonable administrative fee in addition to the premium  
19 charged by the long-term care insurer, which shall include the health  
20 care authority's cost of administration, marketing, and consumer  
21 education materials prepared by the health care authority and the  
22 office of the insurance commissioner.

23 (c) To the extent administratively possible, the state shall  
24 establish an automatic payroll or pension deduction system for the  
25 payment of the long-term care insurance premiums.

26 (d) The public employees' benefits board and the health care  
27 authority shall establish a technical advisory committee to provide  
28 advice in the development of the benefit design and establishment of  
29 underwriting guidelines and eligibility rules. The committee shall  
30 also advise the board and authority on effective and cost-effective  
31 ways to market and distribute the long-term care product. The  
32 technical advisory committee shall be comprised, at a minimum, of  
33 representatives of the office of the insurance commissioner, providers  
34 of long-term care services, licensed insurance agents with expertise in  
35 long-term care insurance, employees, retired employees, retired school  
36 employees, and other interested parties determined to be appropriate by  
37 the board.

1 (e) The health care authority shall offer employees, retired  
2 employees, and retired school employees the option of purchasing long-  
3 term care insurance through licensed agents or brokers appointed by the  
4 long-term care insurer. The authority, in consultation with the public  
5 employees' benefits board, shall establish marketing procedures and may  
6 consider all premium components as a part of the contract negotiations  
7 with the long-term care insurer.

8 (f) In developing the long-term care insurance benefit designs, the  
9 public employees' benefits board shall include an alternative plan of  
10 care benefit, including adult day services, as approved by the office  
11 of the insurance commissioner.

12 (g) The health care authority, with the cooperation of the office  
13 of the insurance commissioner, shall develop a consumer education  
14 program for the eligible employees, retired employees, and retired  
15 school employees designed to provide education on the potential need  
16 for long-term care, methods of financing long-term care, and the  
17 availability of long-term care insurance products including the  
18 products offered by the board.

19 (11) The board may establish penalties to be imposed by the  
20 authority when the eligibility determinations of an employing agency  
21 fail to comply with the criteria under this chapter.
