

HB 1967 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Modifies provisions relating to the time period for preparation of six-year transit development plans and annual reports on the status of the state's public transportation systems.

Requires new state facilities to be sited in areas adequately accessible by transit service.

Provides that it is the intent of the legislature that the department of transportation not charge state agencies airspace leases for the use of highway right-of-way for transit facilities.
