

**HB 2413-S2 - DIGEST**

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Requires persons applying a pesticide on a farm by aircraft or air-blast sprayer to provide written notice to properties adjacent to the intended pesticide application area.

Provides protection to certain employees under the worker and community right to know act.

Creates the joint select committee on pesticide drift exposure to formulate a state policy to reduce exposure of workers and other community members to pesticide drift while not adversely affecting the agricultural and other economic sectors of the state that use pesticides.

Provides a July 1, 2013, expiration of the joint select committee.
