

SHB 1090 - H AMD 276

By Representative Reykdal

ADOPTED 03/09/2013

1 On page 6, line 35, after "docks" strike "constructed" and insert
2 "that are constructed to replace existing docks, are of equal or
3 lesser square footage than the existing dock being replaced, and are
4 located"

5
6 On page 6, beginning on line 38, after "dollars for" strike "docks
7 constructed in a county, city, or town that has not updated its master
8 program consistent with the master program guidelines in chapter 173-
9 26 WAC as adopted in 2003" and insert "all other docks constructed in
10 fresh waters"

EFFECT: Adds new conditions for construction of a dock in fresh waters to fall within the scope of the exception to the term "substantial development" and to have the higher dollar threshold of \$20,000 by requiring that such a dock: (1) be constructed to replace an existing dock; and (2) be of equal or lesser square footage than the dock it is replacing.

Provides that the dollar threshold for all other docks constructed in fresh waters (*i.e.*, docks that are (1) not constructed to replace an existing dock; (2) not of equal or lesser square footage than the dock being replaced; or (3) not located in a jurisdiction that has updated its master program) is \$10,000.
