

**2SHB 1971** - H AMD 443

By Representative Nealey

ADOPTED 04/16/2013

1        On page 25, line 14, after "threshold" insert ", if the lines or  
2        equivalents are located in Washington"

3        On page 25, at the beginning of line 22, strike "and broadband  
4        services"

5        On page 26, line 22, after "provider's" strike "broadband services  
6        and"

EFFECT:        Includes only access lines or equivalents located in  
Washington in the 40,000 access line or equivalent calculation.  
Eliminates the authority of the UTC to adopt rules with respect to  
broadband services for any provider receiving the new distributions.
