

SHB 2201 - H AMD 799

By Representative Vick

FAILED 02/18/2014

1 Beginning on page 16, line 33, strike sections 211 through 214

2 Renumber the remaining sections consecutively and correct any
3 internal references accordingly.

4 On page 103, beginning on line 23, strike sections 401 through 404
5 and insert the following:

6 NEW SECTION. **Sec. 401.** (1) The legislature finds that multiple
7 versions of RCW 82.04.260 are currently found in the statutory code.
8 The legislature further finds that these versions are subject to
9 different effective dates, expiration dates, and contingencies. The
10 legislature further finds that these sections were included in the
11 original and substitute versions of HB 2201 because the current annual
12 report and annual survey are being replaced by a new annual tax
13 preference accountability report, and therefore references to the
14 survey and report need to be updated. The legislature further finds
15 that these multiple versions have caused confusion and a concern that
16 the automatic ten-year expiration date for new tax preferences will be
17 triggered.

18 (2) To eliminate confusion, the legislature intends to remove these
19 sections from the bill altogether and include a general statement that
20 any references to annual report or annual survey in RCW 82.04.260 now
21 mean the new annual tax preference accountability report created in
22 section 201 of this act.

23 NEW SECTION. **Sec. 402.** Any references in RCW 82.04.260 to the
24 annual report in RCW 82.32.534, or the annual survey in RCW 82.32.585,
25 mean the new annual tax preference accountability report created in
26 section 201 of this act."

1 Correct the title.

EFFECT: Removes the multiple versions of RCW 82.04.260 in the bill. Clarifies that any references in RCW 82.04.260 to the annual report or annual survey mean the new annual tax preference accountability report created in section 201 of the bill.
