

SHB 2267 - H AMD 738

By Representative Hansen

1 On page 1, line 8, after "area" insert ", located in a county
2 that only borders the eastern side of the Puget Sound with a
3 population of greater than two hundred thousand people that contains
4 one or more Washington state ferries terminals,"

EFFECT: Limits the public transportation benefit areas (PTBAs) that can form a passenger-only ferry service district to PTBAs located in counties that only border the eastern side of the Puget Sound, have a population of more than 200,000 people, and contain one or more Washington state ferries terminals. Reduces the maximum sales and use tax rate that can be imposed by a passenger-only ferry service district from 0.6% to 0.3%.
