HOUSE COMMITTEE ON LABOR & WORKFORCE DEVELOPMENT

Majority Report: Do pass. Signed by 9 members: Representatives Sells, Chair; Reykdal, Vice Chair; Manweller, Ranking Minority Member; Condotta, Assistant Ranking Minority Member; Green, Holy, Moeller, Ormsby and Short.

Staff: Sara Campbell (786-7119) and Joan Elgee (786-7106).

Background:

Most employment in the state is covered for purposes of unemployment insurance. Most covered employers are required to pay contributions (taxes) on a percentage of their taxable payroll. Alternatively, some employers reimburse the Employment Security Department (ESD) for benefits paid to their former workers.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

The ESD is authorized to compromise with employers for owed taxes only when failure to settle would result in the insolvency of the employer. With individual claimants who have received a benefit overpayment, however, the ESD may settle if it would be against equity and good conscience to demand payment of the full amount.

Summary of Bill:

The ESD may compromise and settle with employers under the same standards as it does with individual claimants. The ESD is authorized to enter into settlement agreements with employers for less than the amount of contributions, interest, or penalties due, regardless of whether the employer would be facing insolvency if forced to pay the full amount, if it would be against equity and good conscience to demand the full amount.
