**Staff Summary of Public Testimony:**

(In support) The Board of Pharmacy has a wide variety of responsibilities, including regulating pharmacies and pharmacy personnel and regulating nonprescription drugs, legend drugs, and controlled substances. The Board of Pharmacy's responsibilities are much broader than other boards and commissions. The Board of Pharmacy used to be an independent agency, but was consolidated with the Department of Health. This consolidation has led to a loss of efficiency due to staff sharing and the limited number of board members. This bill will provide the Board of Pharmacy with more members and resources, which will help prevent pharmacy-related tragedies from happening in Washington.

(Opposed) None.

**Persons Testifying:** Representative Schmick, prime sponsor; Don Williams and Jeff Rochon, Washington State Pharmacy Association.

**Persons Signed In To Testify But Not Testifying:** None.
