- observe an additional 50 women in the intrapartum period; and
- pass an examination.

**Summary of Engrossed Substitute Bill:**

The Secretary of Health (Secretary) must write rules to bridge the gap between requirements of national certification of certified professional midwives and state requirements for licensure for licensed midwives.

A licensed midwife must renew his or her license according to the following requirements:

- completion of a minimum of 30 hours of continuing education every three years;
- proof of participation in a Washington state coordinated quality improvement program; and
- proof of participation in data submission on perinatal outcomes to a national or state research organization.

The Secretary must write rules regarding the renewal process and the Department of Health's process for verification of the third-party data submission.

**Appropriation:** None.

**Fiscal Note:** Available.

**Effective Date:** The bill takes effect 90 days after adjournment of the session in which the bill is passed.

**Staff Summary of Public Testimony:**

(In support) Licensed midwives currently provide care for newborns and should be paid for doing so. Midwives provide savings to the state by cutting down on the number of unnecessary caesarian sections. This bill will help alleviate provider shortages and add diversity to the profession by breaking the log jam for licensing midwives who are nationally certified. Women should be able to choose a midwife and choose to become a midwife. High fees are a barrier to entry to this profession.

(Opposed) None.

**Persons Testifying:** Representative Morrell, prime sponsor; Audrey Levine and Jodilyn Owen, Midwives' Association of Washington State; Tinneka Krogh; and Michael Wilson, Libertarian Party of Washington.

**Persons Signed In To Testify But Not Testifying:** None.
