Background:

In 2006 the Legislature created the Veterans Innovations Program (VIP) within the Department of Veterans Affairs (DVA) to provide crisis and emergency relief and education, training, and employment assistance to veterans and their families. The DVA may receive gifts, grants, and endowments from public and private sources for the benefit of the VIP. The VIP has its own account from which expenditures may only be used for VIP purposes.

The VIP consists of two separate programs: the Defender's Fund; and the Competitive Grant Program. The Defender's Fund provides assistance to veterans returning from Iraq, Afghanistan, or post-9/11 homeland security missions who are experiencing financial hardships due to their time away from home. Veterans eligible under the Defender's Fund may receive a one-time grant of up to \$500.

The Competitive Grant Program funds proposals by veterans through a competitive selection process, based on three categories of need: crisis and emergency relief; education, training, and employment assistance; and community outreach and resources.

The VIP is scheduled to sunset in 2016.

Summary of Bill:

The Defender's Fund and the Competitive Grant Program are eliminated within the VIP. Under the VIP, the DVA must provide funding and support to eligible veterans, National Guard members, and members of the Armed Forces reserves for crisis relief and education, training, and employment opportunities. The DVA must establish a process to make veterans and National Guard members and reservists aware of the VIP and to assist them in completing the VIP application.

The sunset of the VIP is removed.

Appropriation: None.

Fiscal Note: Available.

Effective Date: The bill takes effect 90 days after adjournment of the session in which the bill is passed.

Staff Summary of Public Testimony (Community Development, Housing & Tribal Affairs):

(In support) This bill simplifies the internal administration within the DVA and funds would still be available to increase awareness of the program to veterans and active military members. The bill allows for just one source of funding, makes staff administration more efficient, and eliminates the \$500 limit amount in the Defender's Fund.

(Opposed) None.

Staff Summary of Public Testimony (Appropriations Subcommittee on Health & Human Services):

(In support) This is an excellent bill and the Veterans Conservation Corps strongly urge your support.

(Opposed) None.
