compensated basis for public employers, including cities, towns, counties, districts, municipal corporations, general authority law enforcement agencies, or four-year institutions of higher education that had working fire departments before January 1, 1996.

Certain EMTs were moved from membership in the Public Employees' Retirement System (PERS) to the LEOFF 2 by two bills enacted by the Legislature in 2005 and 2007. Each bill provided a mechanism to enable EMT members of the LEOFF 2 to earn future service credit in the LEOFF 2, and for members to transfer past service earned as an EMT in the PERS Plan 2.

Emergency Medical Technician LEOFF 2 members transferring PERS service are required to pay the difference between the contributions paid into the PERS, and those that would have been paid had the member earned the service originally in the LEOFF 2, plus interest. The member payment must be completed within five years of electing to transfer the service.

The provisions permitting EMT members of the LEOFF 2 to transfer past service from the PERS expire July 1, 2023. The changes to the LEOFF 2 definition that included EMTs expired in the 2005 legislation (Chapter 459, Laws of 2005), and in the 2007 legislation (Chapter 304, Laws of 2007) provisions were included that both indicated that the definition change would not expire, and that the entire act including the definition section would expire.

Summary of Bill:

The July 1, 2023, expiration date of the portion of the Law Enforcement Officers' and Fire Fighters' Retirement System Plan 2 (LEOFF 2) membership definition that includes qualified Emergency Medical Technicians in LEOFF 2 is repealed by specifying the sections of the 2007 EMT LEOFF 2 legislation (Chapter 304, Laws of 2007) that expire.
