Brief Description: Creating Seattle Sounders FC and Seattle Seahawks special license plates.

Senate Committee on Transportation
House Committee on Transportation

Background: The Department of Licensing (DOL) issues special vehicle license plates that may be used in lieu of standard plates. A governmental or nonprofit organization seeking to sponsor a special plate either submits an application to DOL or requests legislation to create the special plate.

Revenues generated from the sale of a special license plate are first used to reimburse the motor vehicle account for any costs associated with establishing the new plate. After DOL determines that the state has been reimbursed for the cost of implementing the new plate, the remaining revenues are directed to various accounts and uses prescribed by the specific plate. DOL may also deduct up to \$12 for an original issue and \$2 for the renewal of a special plate to cover administration and collection expenses.

There is a moratorium on the issuance of new special license plates until July 1, 2013.

Summary: The Seattle Sounders FC special license plate, displaying the Seattle Sounds FC logo, and the Seattle Seahawks special license plate, displaying the Seattle Seahawks logo, are created. In addition to all fees and taxes that must be paid for a vehicle registration, a fee of \$40 is charged for an original issue Seattle Sounders FC or Seattle Seahawks special license plate, and a \$30 fee is charged upon renewal.

A professional sports franchise located within Washington State may sponsor a special license plate if the funds are used in conjunction with a nonprofit organization.

The remaining proceeds from the sale of the special license plate after the costs associated with establishing the plates are distributed as follows:
