Sponsors: Senators Schoesler, Rivers, Smith, Braun, Baumgartner, Hasegawa, Parlette, Hewitt, Brown and Holmquist Newbry.

Senate Committee on Ways & Means
House Committee on Appropriations

Background: Agencies of state government may charge user fees or regulatory fees to recover all or part of the cost of a service, benefit, or regulatory program. The amount of the fee may be set in statute or determined by the agency pursuant to an administrative delegation of authority from the Legislature.

Summary: Every state agency and state institution of higher education must report to the Office of Financial Management (OFM) an inventory of all fees charged by the agency or institution. The inventory must include the purpose of the fee, the amount of the fee, the statutory authority for the fee, and the amount of the fee over the previous five years. The agency must update the information at least once every two years.

OFM must compile a statewide inventory of all of the fee information submitted by state agencies and institutions. The inventory must be made available to the public on the website of state expenditure information maintained by the Legislative Evaluation and Accountability Program (LEAP).

OFM must convene a workgroup to develop a process to increase the frequency and public accessibility of the fee inventory. The workgroup will include representatives from LEAP, the Office of Regulatory Assistance, and the departments of Licensing, Labor and Industries, Transportation, and Health.
