7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

8 NEW SECTION. **Sec. 1.** The definitions in this section apply
9 throughout this chapter.

10 (1) "Non-United States insurer" means an insurer organized under
11 the laws of a foreign country. It also means an "alien insurer," which
12 is defined in RCW 48.05.010.

13 (2) "United States branch" means the business unit through which
14 business is transacted within the United States by a non-United States
15 insurer and the assets and liabilities of the insurer within the United
16 States pertaining to such business.

17 NEW SECTION. **Sec. 2.** This chapter and RCW 48.05.090(1)(b) apply
18 to a United States branch using this state as a state of entry to

1 transact insurance in the United States. The United States branch is
2 also subject to all state laws applicable to an insurer domiciled in
3 this state unless otherwise provided.

4 NEW SECTION. **Sec. 3.** (1) A non-United States insurer may use this
5 state as a state of entry to transact insurance in the United States
6 through a United States branch by:

7 (a) Qualifying as an insurer licensed to do business in this state;
8 and

9 (b) Establishing a trust account, pursuant to a trust agreement
10 approved by the commissioner with a United States bank approved by the
11 commissioner, in an amount at least equal to the minimum capital and
12 surplus or authorized control level risk-based capital, whichever is
13 greater, required to be maintained by a domestic insurer licensed to do
14 the same kind of insurance.

15 (2) Before authorizing the entry through this state of a United
16 States branch of any non-United States insurer, the commissioner shall
17 require the non-United States insurer, in addition to the requirements
18 of section 5 of this act and any other requirement of the insurance
19 code to submit:

20 (a) A copy of its charter and bylaws, if any, currently in force,
21 and such other documents necessary to show the kinds of business that
22 it is empowered to do in its domiciliary jurisdiction, attested to as
23 accurate and complete by the insurance supervisory official in its home
24 jurisdiction, and a full statement, subscribed and affirmed as true
25 under the penalties of perjury by two officers or equivalent
26 responsible representatives in such manner as the commissioner
27 prescribes, of its financial conditions as of the close of its latest
28 fiscal year, showing its assets, liabilities, income disbursements,
29 business transacted and other facts required to be shown in its annual
30 statement, as reported to the insurance supervisory official in its
31 home jurisdiction; an English language translation, as necessary, of
32 any of the documents required in this section; and

33 (b) To an examination of the insurer's affairs at its principal
34 office within the United States. However, the commissioner may instead
35 accept a report of the insurance supervisory official of the insurer's
36 home jurisdiction.

1 NEW SECTION. **Sec. 4.** The assets in the trust account are known as
2 "trusteed assets" and must at all times be in an amount equal to the
3 United States branch's reserves and other liabilities plus the minimum
4 capital and surplus or authorized control level risk-based capital,
5 whichever is greater, required to be maintained by a domestic insurer
6 licensed to do the same kind of insurance.

7 NEW SECTION. **Sec. 5.** (1) The deed of trust and all amendments
8 thereto must be authenticated in the form and manner as the
9 commissioner prescribes and are not effective unless approved by the
10 commissioner upon a finding that:

11 (a) A deed of trust or its amendments are sufficient in form and in
12 conformity with law;

13 (b) The trustee or trustees are eligible as such; and

14 (c) The deed of trust is adequate to protect the interests of the
15 beneficiaries of the trust.

16 (2) If at any time the commissioner finds, after reasonable notice
17 and hearing, that the requisites for the approval no longer exist, the
18 commissioner may withdraw approval.

19 (3) The commissioner may from time to time approve modifications
20 of, or variations in any deed of trust, which in the commissioner's
21 judgment are not prejudicial to the interests of the people of this
22 state or the United States policyholders and creditors of the United
23 States branch.

24 (4)(a) The deed of trust must contain provisions that:

25 (i) Vest legal title to trusteed assets in the trustees, and their
26 successors lawfully appointed;

27 (ii) Require that all assets deposited in the trust must be
28 continuously kept within the United States;

29 (iii) Provide for substitution of a new trustee or trustees in case
30 of a vacancy by death, resignation or otherwise, subject to the
31 approval of the commissioner;

32 (iv) Require that the trustee or trustees shall continuously
33 maintain a record at all times sufficient to identify the assets of
34 such a fund;

35 (v) Require that the trusteed assets must consist of cash and/or
36 investments eligible for investment of the funds of domestic insurers
37 and accrued interest thereon if collectable by the trustee;

1 (vi) Require that the trust must be for the exclusive benefit,
2 security, and protection of the policyholders, or policyholders and
3 creditors, of the United States branch in the United States and that it
4 must be maintained as long as there is outstanding any liability of the
5 non-United States insurer arising out of its insurance transactions in
6 the United States; and

7 (vii) Provide, in substance, that no withdrawals of assets, other
8 than income as specified in (b) of this subsection may be made or
9 permitted by the trustee or trustees without the approval of the
10 commissioner except to:

11 (A) Make deposits required by law in any state for the security or
12 benefit of all policyholders, or policyholders and creditors, of the
13 United States branch in the United States;

14 (B) Substitute other assets permitted by law and at least equal in
15 value and quality to those withdrawn, upon the specific written
16 direction of the United States manager when duly empowered and acting
17 pursuant to either general or specific written authority previously
18 given or delegated by the board of directors; or

19 (C) Transfer such assets to an official liquidator or rehabilitator
20 pursuant to an order of a court of competent jurisdiction.

21 (b) The deed of trust may provide that income, earnings, dividends,
22 or interest accumulations of the assets of the fund may be paid over to
23 the United States manager of the United States branch upon request,
24 provided that the total trustee assets are not less than the amount
25 required to be maintained pursuant to section 4 of this act.

26 (5) Upon withdrawal of trustee assets deposited in another state
27 in which the insurer is authorized to do business, it is sufficient if
28 the deed of trust requires similar written approval of the insurance
29 supervising official of that state in lieu of approval of the
30 commissioner provided that the total trustee assets are not then less
31 than the amount required to be maintained pursuant to section 4 of this
32 act. In all such cases, the United States branch shall notify the
33 commissioner in writing of the nature and extent of the withdrawal.

34 (6) The commissioner may from time to time:

35 (a) Make examinations of the trustee assets of any authorized
36 United States branch at the insurer's expense; and

37 (b) Require the trustee or trustees to file a statement, in the

1 form the commissioner prescribes, certifying the assets of the trust
2 fund and the amounts thereof.

3 (7) Refusal or neglect of any trustee to comply with the
4 requirements of this section is ground for the revocation of the
5 insurer's license or the liquidation of its United States branch.

6 NEW SECTION. **Sec. 6.** (1) In addition to other requirements of
7 this chapter, every authorized United States branch must, not later
8 than the first day of March in each year and the fifteenth day of the
9 second month after the end of each of the first three calendar year
10 quarters, file with the national association of insurance
11 commissioners:

12 (a) Annual and quarterly statements of the business transacted
13 within the United States and the assets held by or for it within the
14 United States for the protection of policyholders and creditors within
15 the United States, and of the liabilities incurred against such assets.
16 The forms must not contain any statement in regard to its assets and
17 business elsewhere. The statements must be in the same format required
18 of an insurer domiciled in the United States branch's state of entry
19 state and licensed to write the same kinds of insurance; and

20 (b) A statement of trustee surplus, in such form as the
21 commissioner prescribes, as of the end of the same period covered by
22 the statement filed pursuant to this subsection. The aggregate value
23 of the insurer's general state deposits and trustee assets deposited
24 with a trustee in compliance with section 5 of this act, plus accrued
25 investment income thereon where such interest is collected by the
26 states for trustees, less the aggregate net amount of all of its
27 reserves and other liabilities in the United States as determined in
28 accordance with this section are known as its "trustee surplus" in the
29 United States. In determining the net amount of the United States
30 branch's liabilities in the United States to be reported in the
31 statement of trustee surplus, the United States branch shall make
32 adjustments to total liabilities reported on the accompanying annual or
33 quarterly statement as follows:

34 (i) Add back liabilities used to offset admitted assets reported in
35 the accompanying quarterly or annual statement; and

36 (ii) Deduct:

1 (A) Unearned premiums on agent's balances or uncollected premiums
2 not more than ninety days past due;

3 (B) Reinsurance on losses with authorized insurers, less unpaid
4 reinsurance premiums;

5 (C) Reinsurance recoverables on paid losses from unauthorized
6 insurers that are included as an asset in the annual statement, but
7 only to the extent a liability for such unauthorized recoverables is
8 included in the liabilities report in the trustee surplus statement;

9 (D) Special state deposits held for the exclusive benefit of
10 policyholders, or policyholders and creditors, of any particular state
11 not exceeding net liabilities reports for that state;

12 (E) Secured accrued retrospective premiums;

13 (F) If a life insurer:

14 (I) The amount of its policy loans to policyholders within the
15 United States, not exceeding the amount of legal reserve required on
16 each such policy; and

17 (II) The net amount of uncollected and deferred premiums; and

18 (G) Any other non-trusted asset which the commissioner determines
19 secures liabilities in a substantially similar manner; and

20 (c) Any additional information that the commissioner requires
21 relating to the total business or assets, or any portion thereof, of
22 the non-United States insurer.

23 (2) The annual statement and trustee surplus statement must be
24 signed and verified by the United States manager, attorney-in-fact, or
25 a duly empowered assistant United States manager, of the United States
26 branch. The items of securities and other property held under trust
27 deeds must be certified in the trustee surplus statement by the United
28 States trustee or trustees.

29 (3) Every report on examination of a United States branch must
30 include a trustee surplus statement as of the date of examination in
31 addition to the general statement of the financial condition of the
32 United States branch.

33 NEW SECTION. **Sec. 7.** (1) Before issuing any new or renewal
34 license to any United States branch, the commissioner may require
35 satisfactory proof, either in the non-United States insurer's charter
36 or by an agreement evidenced by a duly certified resolution of its

1 board of directors, or otherwise as the commissioner requires, that the
2 insurer will not engage in any insurance business in contravention of
3 this section or not authorized by its charter.

4 (2) The commissioner must issue a renewal license to any United
5 States branch if satisfied, by such proof as required, that the insurer
6 is not delinquent with respect to any requirement imposed by this
7 chapter and that its continuance in business in this state will not be
8 hazardous or prejudicial to the best interests of the people of this
9 state.

10 (3) A United States branch must not be licensed to do in this state
11 any kind of insurance business, or any combination of kinds of
12 insurance business, that are not permitted to be done by domestic
13 insurers licensed under this chapter. A United States branch must not
14 be authorized to do any insurance business in this state if it does
15 anywhere within the United States any kind of business other than an
16 insurance business and the business necessarily or properly incidental
17 to the kind or kinds of insurance business that it is authorized to do
18 in this state.

19 (4) Except as otherwise specifically provided, a United States
20 branch, entering through this state or another state, may not be or
21 continue to be authorized to do an insurance business in this state if
22 it fails to comply substantially with any requirement or limitation of
23 this chapter, applicable to similar domestic insurers organized after
24 the effective date of this section, that in the judgment of the
25 commissioner is reasonably necessary to protect the interest of the
26 policyholders.

27 (5) A United States branch that does outside of this state any kind
28 or combination of kinds of insurance business not permitted to be done
29 in this state by similar domestic insurers organized after the
30 effective date of this section, may not be or continue to be authorized
31 to do an insurance business in this state, unless in the judgment of
32 the commissioner the doing of such kind or combination of kinds of
33 insurance business will not be prejudicial to the best interests of the
34 people of this state.

35 (6) A United States branch may not be or continue to be authorized
36 to do an insurance business in this state if it fails to keep full and
37 correct entries of its transactions, that must at all times be open to

1 the inspection of persons invested by law with the rights of inspection
2 and be maintained in its principal office within this state.

3 NEW SECTION. **Sec. 8.** Whenever it appears to the commissioner from
4 any annual or quarterly statement or trustee surplus statement or any
5 other report that a United States branch's trustee surplus is reduced
6 below minimum capital and surplus or the authorized control level risk-
7 based capital, whichever is greater, required to be maintained by a
8 domestic insurer licensed to transact the same kinds of insurance, the
9 commissioner may proceed against the insurer pursuant to chapter 48.31
10 RCW as an insurer whose condition is such that its further transaction
11 of business in the United States will be hazardous to its
12 policyholders, its creditors, or the public in the United States.

13 NEW SECTION. **Sec. 9.** All trusts of trustee assets created before
14 January 1, 2014, must be continued under the instruments creating those
15 trusts. If the commissioner determines that the instruments are
16 inconsistent with this chapter, the insurer must correct those
17 inconsistencies within six months of the commissioner's determination.

18 **Sec. 10.** RCW 48.05.090 and 1949 c 190 s 4 are each amended to read
19 as follows:

20 (1) An alien insurer (~~shall~~) must not be authorized to transact
21 insurance in this state unless it maintains within the United States
22 assets in amount not less than its outstanding liabilities arising out
23 of its insurance transactions in the United States, nor unless it
24 maintains a trust deposit in an amount not less than the required
25 reserves under its policies resulting from such transactions (after
26 deducting, in the case of a life insurer, the amount of outstanding
27 policy loans on such policies) plus assets equal to the larger of the
28 following sums:

29 (a) The largest amount of deposit required under this title to be
30 made in this state by any type of domestic insurer transacting like
31 kinds of insurance; or

32 (b) (~~Two hundred thousand dollars.~~) The minimum capital and
33 surplus or the authorized control level risk-based capital, whichever
34 is greater, required to be maintained by a domestic insurer licensed to
35 transact the same kinds of insurance. Except an alien insurer, until

1 December 31, 2016, using a state of entry other than this state that is
2 authorized in this state prior to the effective date of this section is
3 permitted to maintain only the trust deposit required by its state of
4 entry as long as it remains continuously authorized in this state.

5 (2) The trust deposit (~~shall~~) must be for the security of all
6 policyholders or policyholders and obligees of the insurer in the
7 United States. It (~~shall~~) must not be subject to diminution below
8 the amount currently determined in accordance with subsection (1) of
9 this section so long as the insurer has outstanding any liabilities
10 arising out of its business transacted in the United States.

11 (3) The trust deposit (~~shall~~) must be maintained with public
12 depositories or trust institutions within the United States approved by
13 the commissioner.
