8 annual progress report to determine whether the plan, executive
9 summary, or annual progress report is adequate pursuant to the rules
10 developed under this section and with the provisions of RCW 70.95C.200.
11 In determining the adequacy of any plan, executive summary, or annual
12 progress report, the department shall base its determination solely on
13 whether the plan, executive summary, or annual progress report is
14 complete and prepared in accordance with the provisions of RCW
15 70.95C.200.

16 (2) Plans developed under RCW 70.95C.200 shall be retained at the
17 facility of the hazardous substance user or hazardous waste generator
18 preparing a plan. The plan is not a public record under the public
19 records act, chapter 42.56 RCW. A user or generator required to
20 prepare a plan shall permit the director or a representative of the
21 director to review the plan to determine its adequacy. No visit made
22 by the director or a representative of the director to a facility for
23 the purposes of this subsection may be regarded as an inspection or
24 investigation, and no notices or citations may be issued, nor any civil
25 penalty assessed, upon such a visit.

26 (3) If a hazardous substance user or hazardous waste generator
27 fails to complete an adequate plan, executive summary, or annual
28 progress report, the department shall notify the user or generator of
29 the inadequacy, identifying specific deficiencies. For the purposes of
30 this section, a deficiency may include failure to develop a plan,
31 failure to submit an executive summary pursuant to the schedule
32 provided in RCW 70.95C.200(5), and failure to submit an annual progress
33 report pursuant to the rules developed under RCW 70.95C.200(6). The
34 department shall specify a reasonable time frame, of not less than
35 ninety days, within which the user or generator shall complete a
36 modified plan, executive summary, or annual progress report addressing
37 the specified deficiencies.

1 (4) If the department determines that a modified plan, executive
2 summary, or annual progress report is inadequate, the department may,
3 within its discretion, either require further modification or enter an
4 order pursuant to subsection (5)(a) of this section.

5 (5)(a) If, after having received a list of specified deficiencies
6 from the department, a hazardous substance user or hazardous waste
7 generator required to prepare a plan fails to complete modification of
8 a plan, executive summary, or annual progress report within the time
9 period specified by the department, the department may enter an order
10 pursuant to chapter 34.05 RCW finding the user or generator not in
11 compliance with the requirements of RCW 70.95C.200. When the order is
12 final, the department shall (~~notify the department of revenue to~~)
13 charge a penalty fee. The penalty fee shall be the greater of one
14 thousand dollars or three times the amount of the user's or generator's
15 previous year's fee, in addition to the current year's fee. If no fee
16 was assessed the previous year, the penalty shall be the greater of one
17 thousand dollars or three times the amount of the current year's fee.
18 The penalty assessed under this subsection shall be collected each year
19 after the year for which the penalty was assessed until an adequate
20 plan or executive summary is completed.

21 (b) If a hazardous substance user or hazardous waste generator
22 required to prepare a plan fails to complete an adequate plan,
23 executive summary, or annual progress report after the department has
24 levied against the user or generator the penalty provided in (a) of
25 this subsection, the user or generator shall be required to pay a
26 surcharge to the department whenever the user or generator disposes of
27 a hazardous waste at any hazardous waste incinerator or hazardous waste
28 landfill facility located in Washington state, until a plan, executive
29 summary, or annual progress report is completed and determined to be
30 adequate by the department. The surcharge shall be equal to three
31 times the fee charged for disposal. The department shall furnish the
32 incinerator and landfill facilities in this state with a list of
33 environmental protection agency/state identification numbers of the
34 hazardous waste generators that are not in compliance with the
35 requirements of RCW 70.95C.200.
