34 of this chapter when used anywhere in the state in the manner approved  
35 by the department. If the composition, use, or reuse of the solid  
36 waste changes, or the management, storage, or end use constitutes a

1 threat to human health or the environment, the exemption may be  
2 terminated and use of the solid waste remains subject to the permitting  
3 requirements of this chapter.

4 (3) The department may also exempt a solid waste from the  
5 permitting requirements of this chapter for one or more beneficial uses  
6 by approving an application for such an exemption. The department  
7 shall establish by rule procedures under which a person may apply to  
8 the department for such an exemption. The rules shall establish  
9 criteria for providing such an exemption, which shall include, but not  
10 be limited to: (a) ~~The ((material))~~ solid waste will be beneficially  
11 used or reused; ~~((and))~~ (b) the beneficial use or reuse of the material  
12 will not present threats to human health or the environment; and (c)  
13 for solid waste to be applied to the land as a soil amendment,

15 established under RCW 15.54.800(3). Rules adopted under this  
16 subsection shall identify the information that an application shall  
17 contain. Persons seeking such an exemption shall apply to the  
18 department under the procedures established by the rules adopted under  
19 this subsection.

20 ~~((+3))~~ (4) After receipt of an application filed under rules  
21 adopted under ~~((subsection (2) of))~~ this section, the department shall  
22 review the application to determine whether it is complete, and forward  
23 a copy of the completed application to all jurisdictional health  
24 departments for review and comment. Within forty-five days, the  
25 jurisdictional health departments shall forward to the department their  
26 comments and any other information they deem relevant to the  
27 department's decision to approve or disapprove the application. Every  
28 complete application shall be approved or disapproved by the department  
29 within ninety days of receipt. If the application is approved by the  
30 department, the solid waste is exempt from the permitting requirements  
31 of this chapter when used anywhere in the state in the manner approved  
32 by the department. If the composition, use, or reuse of the solid  
33 waste ~~((is not consistent with the terms and conditions of the~~  
34 ~~department's approval of the application,))~~ changes, or the management,  
35 storage, or end use constitutes a threat to human health or the  
36 environment, the exemption may be terminated and the use of the solid  
37 waste remains subject to the permitting requirements of this chapter.

1        ~~((4))~~ (5) The department shall establish procedures by rule for  
2 providing to the public and the solid waste industry notice of and an

4 under ~~((subsection (2) of))~~ this section.

5        ~~((5) Any jurisdictional health department or applicant))~~ (6) Any  
6 aggrieved party may appeal the decision of the department to approve or  
7 disapprove an application or adopt a proposal under ~~((subsection (3)  
8 of))~~ this section. The appeal shall be made to the pollution control  
9 hearings board by filing with the hearings board a notice of appeal  
10 within thirty days of the decision of the department. The hearings  
11 board's review of the decision shall be made in accordance with chapter  
12 43.21B RCW and any subsequent appeal of a decision of the board shall  
13 be made in accordance with RCW 43.21B.180.

14        ~~((6))~~ (7) This section shall not be deemed to invalidate the  
15 exemptions or determinations of nonapplicability in the department's  
16 solid waste rules as they exist on June 11, 1998, which exemptions and  
17 determinations are recognized and confirmed subject to the department's  
18 continuing authority to modify or revoke those exemptions or  
19 determinations by rule.

20        (8) Nothing in this section applies to biosolids or sewage sludge  
21 as defined under chapters 70.95 and 70.95J RCW or the rules adopted  
22 under chapters 70.95 and 70.95J RCW.

23        **Sec. 9.** RCW 70.107.010 and 1974 ex.s. c 183 s 1 are each amended  
24 to read as follows:

25        The legislature finds that inadequately controlled noise adversely  
26 affects the health, safety and welfare of the people, the value of  
27 property, and the quality of the environment. ~~((Antinoise measures of  
28 the past have not adequately protected against the invasion of these

31 considering the social and economic impact upon the community and the  
32 state.))~~ The purpose of this chapter is to provide authority for  
33 ~~((such an expansion of efforts, supplementing existing programs in the

31 each reenacted and amended to read as follows:

32 (1) A master program, segment of a master program, or an amendment  
33 to a master program shall become effective when approved by the  
34 department as provided in subsection (7) of this section. Within the  
35 time period provided in RCW 90.58.080, each local government shall have  
36 submitted a master program, either totally or by segments, for all

1 shorelines of the state within its jurisdiction to the department for  
2 review and approval.

3 The department shall strive to achieve final action on a submitted  
4 master program within one hundred eighty days of receipt and shall post  
5 an annual assessment related to this performance benchmark on the  
6 agency web site.

7 (2) Upon receipt of a proposed master program or amendment, the  
8 department shall:

9 (a) Provide notice to and opportunity for written comment by all  
10 interested parties of record as a part of the local government review  
11 process for the proposal and to all persons, groups, and agencies that  
12 have requested in writing notice of proposed master programs or  
13 amendments generally or for a specific area, subject matter, or issue.  
14 The comment period shall be at least thirty days, unless the department  
15 determines that the level of complexity or controversy involved  
16 supports a shorter period;

17 (b) In the department's discretion, conduct a public hearing during  
18 the thirty-day comment period in the jurisdiction proposing the master  
19 program or amendment;

20 (c) Within fifteen days after the close of public comment, request  
21 the local government to review the issues identified by the public,  
22 interested parties, groups, and agencies and provide a written response  
23 as to how the proposal addresses the identified issues;

24 (d) Within thirty days after receipt of the local government  
25 response pursuant to (c) of this subsection, make written findings and  
26 conclusions regarding the consistency of the proposal with the policy  
27 of RCW 90.58.020 and the applicable guidelines, provide a response to  
28 the issues identified in (c) of this subsection, and either approve the  
29 proposal as submitted, recommend specific changes necessary to make the  
30 proposal approvable, or deny approval of the proposal in those  
31 instances where no alteration of the proposal appears likely to be  
32 consistent with the policy of RCW 90.58.020 and the applicable  
33 guidelines. The written findings and conclusions shall be provided to  
34 the local government, and made available to all interested persons,  
35 parties, groups, and agencies of record on the proposal;

36 (e) If the department recommends changes to the proposed master  
37 program or amendment, within thirty days after the department mails the

1 written findings and conclusions to the local government, the local  
2 government may:

3 (i) Agree to the proposed changes by written notice to the  
4 department; or

5 (ii) Submit an alternative proposal. If, in the opinion of the  
6 department, the alternative is consistent with the purpose and intent  
7 of the changes originally submitted by the department and with this  
8 chapter it shall approve the changes and provide notice to all  
9 recipients of the written findings and conclusions. If the department  
10 determines the proposal is not consistent with the purpose and intent  
11 of the changes proposed by the department, the department may resubmit  
12 the proposal for public and agency review pursuant to this section or  
13 reject the proposal.

14 (3) The department shall approve the segment of a master program  
15 relating to shorelines unless it determines that the submitted segments  
16 are not consistent with the policy of RCW 90.58.020 and the applicable  
17 guidelines.

18 (4) The department shall approve the segment of a master program  
19 relating to critical areas as defined by RCW 36.70A.030(5) provided the  
20 master program segment is consistent with RCW 90.58.020 and applicable  
21 shoreline guidelines, and if the segment provides a level of protection  
22 of critical areas ~~((at least equal to that provided by the local  
23 government's critical areas ordinances adopted and thereafter amended  
24 pursuant to RCW 36.70A.060(2)))~~ that ensures no net loss of shoreline  
25 ecological functions necessary to sustain shoreline natural resources  
26 as defined by department guidelines adopted pursuant to RCW 90.58.060.

27 (5) The department shall approve those segments of the master  
28 program relating to shorelines of statewide significance only after  
29 determining the program provides the optimum implementation of the  
30 policy of this chapter to satisfy the statewide interest. If the  
31 department does not approve a segment of a local government master  
32 program relating to a shoreline of statewide significance, the  
33 department may develop and by rule adopt an alternative to the local  
34 government's proposal.

35 (6) In the event a local government has not complied with the  
36 requirements of RCW 90.58.070 it may thereafter upon written notice to  
37 the department elect to adopt a master program for the shorelines

1 within its jurisdiction, in which event it shall comply with the  
2 provisions established by this chapter for the adoption of a master  
3 program for such shorelines.

4 Upon approval of such master program by the department it shall  
5 supersede such master program as may have been adopted by the  
6 department for such shorelines.

7 (7) A master program or amendment to a master program takes effect  
8 when and in such form as approved or adopted by the department. The  
9 effective date is fourteen days from the date of the department's  
10 written notice of final action to the local government stating the  
11 department has approved or rejected the proposal. For master programs  
12 adopted by rule, the effective date is governed by RCW 34.05.380. The  
13 department's written notice to the local government must conspicuously  
14 and plainly state that it is the department's final decision and that  
15 there will be no further modifications to the proposal.

16 (a) Shoreline master programs that were adopted by the department  
17 prior to July 22, 1995, in accordance with the provisions of this  
18 section then in effect, shall be deemed approved by the department in  
19 accordance with the provisions of this section that became effective on  
20 that date.

21 (b) The department shall maintain a record of each master program,  
22 the action taken on any proposal for adoption or amendment of the  
23 master program, and any appeal of the department's action. The  
24 department's approved document of record constitutes the official  
25 master program.

26 (8) Promptly after approval or disapproval of a local government's  
27 shoreline master program or amendment, the department shall publish a  
28 notice consistent with RCW 36.70A.290 that the shoreline master program  
29 or amendment has been approved or disapproved. This notice must be  
30 filed for all shoreline master programs or amendments. If the notice  
31 is for a local government that does not plan under RCW 36.70A.040, the  
32 department must, on the day the notice is published, notify the  
33 legislative authority of the applicable local government by telephone  
34 or electronic means, followed by written communication as necessary, to  
35 ensure that the local government has received the full written decision  
36 of the approval or disapproval.

4 program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(5) is  
5 governed by RCW 34.05.510 through 34.05.598.

6       (2)(a) The department's final decision to approve or reject a  
7 proposed master program or master program amendment by a local

9 growth management hearings board by filing a petition as provided in  
10 RCW 36.70A.290.

11       (b) If the appeal to the growth management hearings board concerns  
12 shorelines, the growth management hearings board shall review the  
13 proposed master program or amendment solely for compliance with the

17 43.21C RCW as it relates to the adoption of master programs and  
18 amendments under chapter 90.58 RCW.

19       (c) If the appeal to the growth management hearings board concerns  
20 a shoreline of statewide significance, the board shall uphold the  
21 decision by the department unless the board, by clear and convincing  
22 evidence, determines that the decision of the department is  
23 noncompliant with the policy of RCW 90.58.020 or the applicable  
24 guidelines, or chapter 43.21C RCW as it relates to the adoption of  
25 master programs and amendments under this chapter.

26       (d) The appellant has the burden of proof in all appeals to the  
27 growth management hearings board under this subsection.

28       (e) Any party aggrieved by a final decision of the growth  
29 management hearings board under this subsection may appeal the decision  
30 to superior court as provided in RCW 36.70A.300.

31       (3)(a) The department's final decision to approve or reject a  
32 proposed master program or master program amendment by a local  
33 government not planning under RCW 36.70A.040 shall be appealed to the  
34 shorelines hearings board by filing a petition within thirty days of  
35 the date that the department publishes notice of its final decision  
36 under RCW 90.58.090(8).

37       (b) In an appeal relating to shorelines, the shorelines hearings  
38 board shall review the proposed master program or master program

1 amendment and, after full consideration of the presentations of the  
2 parties, shall determine the validity of the local government's master

4 applicable guidelines, and chapter 43.21C RCW as it relates to the  
5 adoption of master programs and amendments under this chapter.

6 (c) In an appeal relating to shorelines of statewide significance,  
7 the shorelines hearings board shall uphold the decision by the  
8 department unless the board determines, by clear and convincing  
9 evidence that the decision of the department is noncompliant with the  
10 policy of RCW 90.58.020 or the applicable guidelines, or chapter 43.21C  
11 RCW as it relates to the adoption of master programs and amendments  
12 under this chapter.

13 (d) Review by the shorelines hearings board shall be considered an  
14 adjudicative proceeding under chapter 34.05 RCW, the administrative

16 such reviews.

17 (e) Whenever possible, the review by the shorelines hearings board

27 growth management hearings board or the shorelines hearings board may
