12 contracts with the department or the health care authority;

13 (b) Include full counties that are contiguous with one another; and

17 (3) The Washington state association of counties must submit their
18 recommendations to the department, the health care authority, and the
19 task force described in section 1 of this act on or before July 1,

21 NEW SECTION. **Sec. 3.** A new section is added to chapter 43.20A RCW
22 to read as follows:

23 (1) Any agreement or contract by the department or the health care
24 authority to provide behavioral health services as defined under RCW
25 71.24.025 to persons eligible for benefits under medicaid, Title XIX of
26 the social security act, and to persons not eligible for medicaid must
27 include the following:

28 (a) Contractual provisions consistent with the intent expressed in
29 RCW 71.24.015, 71.36.005, 70.96A.010, and 70.96A.011;

30 (b) Standards regarding the quality of services to be provided,

32 promising practices, as defined in RCW 71.24.025;

33 (c) Accountability for the client outcomes established in RCW
34 43.20A.895 and 71.36.025 and performance measures linked to those
35 outcomes;

1 (d) Standards requiring regional support networks to maintain a
2 network of appropriate providers that is supported by written
3 agreements sufficient to provide adequate access to all services
4 covered under the contract with the department or the health care
5 authority and to protect essential existing behavioral health system
6 infrastructure and capacity;

7 (e) Standards requiring the use of behavioral health service
8 provider reimbursement methods that incentivize improved performance
9 with respect to the client outcomes established in RCW 43.20A.895 and
10 71.36.025, integration of behavioral health and primary care services
11 at the clinical level, and improved care coordination for individuals
12 with complex care needs;

13 (f) Standards related to the financial integrity of the responding
14 organization. The department shall adopt rules establishing the
15 solvency requirements and other financial integrity standards for
16 regional support networks. This subsection does not limit the
17 authority of the department to take action under a contract upon
18 finding that a regional support network's financial status seriously
19 jeopardizes the organization's ability to meet its contractual
20 obligations;

21 (g) Mechanisms for monitoring performance under the contract and
22 remedies for failure to substantially comply with the requirements of
23 the contract including, but not limited to, financial penalties,
24 termination of the contract, receivership, and reprocurement of the
25 contract;

26 (h) Provisions to maintain the decision-making independence of
27 designated mental health professionals; and

28 (i) Provisions stating that public funds appropriated by the
29 legislature may not be used to promote or deter, encourage, or
30 discourage employees from exercising their rights under Title 29,
31 chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

32 (2) The following factors must be given significant weight in any
33 purchasing process:

35 populations;

36 (b) Demonstrated commitment and experience serving persons who have
37 severe mental illness or chemical dependency;

1 (c) Demonstrated commitment to and experience with partnerships
2 with county and municipal criminal justice systems, housing services,
3 and other critical support services necessary to achieve the outcomes
4 established in RCW 43.20A.895 and 71.36.025;

5 (d) Recognition that meeting enrollees' physical and behavioral
6 health care needs is a shared responsibility of contracted regional
7 support networks, managed health care systems, service providers, the
8 state, and communities, and that the delivery of better integrated,
9 person-centered care requires the full spectrum of an individual's
10 health care needs be addressed;

11 (e) Consideration of past and current performance and participation
12 in other state or federal behavioral health programs as a contractor;
13 and

14 (f) The ability to meet requirements established by the department.

15 (3) For purposes of purchasing behavioral health services and
16 medical care services for persons eligible for benefits under medicaid,
17 Title XIX of the social security act and for persons not eligible for
18 medicaid, the department and the health care authority must use common
19 regional service areas. The regional service areas must be established
20 by the department and the health care authority as provided in section
21 2 of this act.

22 (4) Consideration must be given to using multiple-year contracting
23 periods.

24 **Sec. 4.** RCW 71.24.015 and 2005 c 503 s 1 are each amended to read
25 as follows:

26 It is the intent of the legislature to establish a community mental
27 health program which shall help people experiencing mental illness to
28 retain a respected and productive position in the community. This will
29 be accomplished through programs that focus on resilience and recovery,
30 and practices that are evidence-based, research-based, consensus-based,
31 or, where these do not exist, promising or emerging best practices,
32 which provide for:

33 (1) Access to mental health services for adults (~~(of the state who~~
34 ~~are acutely mentally ill, chronically mentally ill,)) with acute mental
35 illness, chronic mental illness, or who are seriously disturbed and
36 children (~~(of the state who are acutely mentally ill)) with acute
37 mental illness, or who are severely emotionally disturbed, or seriously~~~~

1 disturbed, which services recognize the special needs of underserved
2 populations, including minorities, children, the elderly, (~~disabled~~)
3 individuals with disabilities, and low-income persons. Access to
4 mental health services shall not be limited by a person's history of
5 confinement in a state, federal, or local correctional facility. It is
6 also the purpose of this chapter to promote the early identification of
7 (~~mentally ill~~) children with mental illness and to ensure that they
8 receive the mental health care and treatment which is appropriate to
9 their developmental level. This care should improve home, school, and
10 community functioning, maintain children in a safe and nurturing home
11 environment, and should enable treatment decisions to be made in
12 response to clinical needs in accordance with sound professional
13 judgment while also recognizing parents' rights to participate in
14 treatment decisions for their children;

15 (2) The involvement of persons with mental illness, their family
16 members, and advocates in designing and implementing mental health
17 services that reduce unnecessary hospitalization and incarceration and
18 promote the recovery and employment of persons with mental illness. To
19 improve the quality of services available and promote the
20 rehabilitation, recovery, and reintegration of persons with mental
21 illness, consumer and advocate participation in mental health services
22 is an integral part of the community mental health system and shall be
23 supported;

24 (3) Accountability of efficient and effective services through
25 state-of-the-art outcome and performance measures and statewide
26 standards for monitoring client and system outcomes, performance, and
27 reporting of client and system outcome information. These processes
28 shall be designed so as to maximize the use of available resources for
29 direct care of people with a mental illness and to assure uniform data
30 collection across the state;

31 (4) Minimum service delivery standards;

32 (5) Priorities for the use of available resources for the care of
33 (~~the mentally ill~~) individuals with mental illness consistent with
34 the priorities defined in the statute;

35 (6) Coordination of services within the department, including those
36 divisions within the department that provide services to children,
37 between the department and the office of the superintendent of public
38 instruction, and among state mental hospitals, county authorities,

1 regional support networks, community mental health services, and other
2 support services, which shall to the maximum extent feasible also
3 include the families of (~~the mentally ill~~) individuals with mental
4 illness, and other service providers; and

5 (7) Coordination of services aimed at reducing duplication in
6 service delivery and promoting complementary services among all
7 entities that provide mental health services to adults and children.

8 It is the policy of the state to encourage the provision of a full
9 range of treatment and rehabilitation services in the state for mental
10 disorders including services operated by consumers and advocates. The
11 legislature intends to encourage the development of regional mental
12 health services with adequate local flexibility to assure eligible
13 people in need of care access to the least-restrictive treatment
14 alternative appropriate to their needs, and the availability of
15 treatment components to assure continuity of care. To this end,
16 counties (~~are encouraged to~~) must enter into joint operating
17 agreements with other counties to form regional systems of care that
18 are consistent with the regional service areas established under
19 section 2 of this act. Regional systems of care, whether operated by
20 a county, group of counties, or another entity shall integrate
21 planning, administration, and service delivery duties under chapters
22 71.05 and 71.24 RCW to consolidate administration, reduce
23 administrative layering, and reduce administrative costs. The
24 legislature hereby finds and declares that sound fiscal management
25 requires vigilance to ensure that funds appropriated by the legislature
26 for the provision of needed community mental health programs and
27 services are ultimately expended solely for the purpose for which they
28 were appropriated, and not for any other purpose.

29 It is further the intent of the legislature to integrate the
30 provision of services to provide continuity of care through all phases
31 of treatment. To this end, the legislature intends to promote active
32 engagement with (~~mentally ill~~) persons with mental illness and
33 collaboration between families and service providers.

34 **Sec. 5.** RCW 71.24.016 and 2006 c 333 s 102 are each amended to
35 read as follows:

36 (1) The legislature intends that eastern and western state
37 hospitals shall operate as clinical centers for handling the most

1 complicated long-term care needs of patients with a primary diagnosis
2 of mental disorder. It is further the intent of the legislature that
3 the community mental health service delivery system focus on
4 maintaining ~~((mentally ill))~~ individuals with mental illness in the
5 community. The program shall be evaluated and managed through a
6 limited number of outcome and performance measures ~~((designed to hold
7 each regional support network accountable for program success))~~, as
8 provided in RCW 43.20A.895 and 71.36.025.

9 (2) The legislature intends to address the needs of people with
10 mental disorders with a targeted, coordinated, and comprehensive set of
11 evidence-based practices that are effective in serving individuals in
12 their community and will reduce the need for placements in state mental
13 hospitals. The legislature further intends to explicitly hold regional
14 support networks accountable for serving people with mental disorders
15 within the boundaries of their ~~((geographic boundaries))~~ procurement
16 regions and for not exceeding their allocation of state hospital beds.
17 Within funds appropriated by the legislature for this purpose, regional
18 support networks shall develop the means to serve the needs of people
19 with mental disorders within ~~((their geographic))~~ the boundaries of
20 their procurement region. Elements of the program may include:

- 21 (a) Crisis ~~((triage))~~ diversion services;
- 22 (b) Evaluation and treatment and community hospital beds;
- 23 (c) Residential beds;
- 24 (d) Programs for community treatment teams; ~~((and))~~
- 25 (e) Outpatient services;
- 26 (f) Peer support services;
- 27 (g) Community support services;
- 28 (h) Resource management services; and
- 29 (i) Supported housing and supported employment services.

30 (3) The regional support network shall have the flexibility, within
31 the funds appropriated by the legislature for this purpose and the
32 terms of their contract, to design the mix of services that will be
33 most effective within their service area of meeting the needs of people
34 with mental disorders and avoiding placement of such individuals at the
35 state mental hospital. Regional support networks are encouraged to
36 maximize the use of evidence-based practices and alternative resources
37 with the goal of substantially reducing and potentially eliminating the
38 use of institutions for mental diseases.
