

HB 2758 - DIGEST

Requires the creation of a ferries advisory board which will provide guidance regarding the operation of the Washington state ferry system.

Requires the ferries advisory board to: (1) Serve in an advisory capacity to the transportation commission on matters related to the fare-setting process; and

(2) Advise the secretary of the department of transportation on matters related to the management of the ferry system, including system efficiencies and the relationship between labor and management.

Requires the department of transportation to provide: (1) Necessary support to the ferries advisory board;

(2) A location in which the advisory board may hold meetings; and

(3) Administrative support.
