

SHB 1106 - H AMD **299**

By Representative Pollet

WITHDRAWN 04/02/2015

1 On page 166, after line 23, insert the following:
2 "(11) Students enrolled in any publicly funded medical school
3 must be provided access to a full range of medical training that is
4 not limited or directed by the administrative policies of the
5 community partner locations at which students receive clinical
6 training, as appropriate within the medical school's standard
7 curriculum and without additional cost for the student. Patients
8 seeking care at clinical settings where medical students receive
9 training will have access to the full range of services, treatment,
10 medications, and procedures as appropriate for the setting and
11 allowed under Washington State law. No student may be subject to
12 administrative policies that restrict the care or information they
13 provide beyond the basic safety and quality standards expressed in
14 state law."
15
16

EFFECT: Requires that students enrolled in publically funded medical schools be provided access to the full range of medical training. Requires that patients seeking care at such clinics have access to the full range of services, treatments, medications, and procedures as medically appropriate.

FISCAL IMPACT: No net change to appropriated levels.
