

SHB 1106 - H AMD 324

By Representative Stokesbary

WITHDRAWN 04/02/2015

1 On page 23, after line 39, insert the following:

2 "(5)(a) The legislature is committed to promoting a state
3 government culture that makes sustained improvement a habitual
4 behavior from front-line staff to agency leadership.

5 (b) The office of financial management may amend its strategic
6 lean management action plan to better reflect prior attempts at
7 implementation of strategic lean management to drive efficiencies in
8 state spending and to increase productivity of state employees while
9 improving and increasing state services for taxpayers. The action
10 plan must determine the specific agencies and programs that would
11 benefit most from application of the action plan, and the plan must
12 target resources accordingly.

13 (c) The office of financial management must integrate lean
14 principles into all performance management efforts.

15 (d) The office of financial management and the office of the
16 chief information officer must integrate lean principles into all
17 major information technology initiatives.

18 (e) The office of financial management must develop and
19 implement a lean practitioner fellowship program to train state
20 agency staff. Agency staff participating in the fellowship will be
21 assigned to work on statewide efforts that streamline and improve
22 processes across agencies.

23 (f) Agencies must report to the office of financial management
24 at least twice per fiscal year on process improvements and
25 efficiencies gained through tools such as the lean strategy. The
26 office of financial management must compile and transmit these

27

1 reports to the appropriate fiscal committees of the legislature at
2 least every six months beginning January 1, 2016."

EFFECT: Provides that the Office of Financial Management (OFM) may amend its strategic Lean management action plan to better reflect attempts at implementing strategic Lean management to drive efficiencies in state spending and increase productivity of state employees. The OFM must integrate Lean principles into its performance management efforts. The OFM and the Office of the Chief Information Officer must integrate Lean principles in all major information technology projects. The OFM must develop and implement a Lean practitioner fellowship program. Agencies must report to the OFM twice per year on Lean strategies and the OFM must transmit these reports to the appropriate fiscal committee every six months beginning January, 2016.

FISCAL IMPACT: No net change to appropriated levels.
