4 read as follows:

5 (1) A discover pass or a day-use permit are not required within a

7 annual natural investment permit, issued by the ((state parks and
8 recreation)) commission.

9 (2)(a) The ((state parks and recreation)) commission must provide
10 up to twelve days a year where entry to state parks is free. At least
11 three of those days must be on weekends. When practicable, the free
12 access days should be timed to correspond with any similar free
13 access days planned by the national park service for national parks
14 located in the general region of high volume state parks.

15 (b) The commission must consult with any interested local parks
16 and recreation directors when establishing free access days in order
17 to identify appropriate planned local community events with which
18 free access days could be paired."

19 Correct the title.

EFFECT: Removes the underlying language and replaces it with
direction to the state parks and recreation commission to consult
