     EFFECT: (1) Strikes all sections except one of the underlying
amendment. The remaining section, as proposed in the underlying
amendment, modifies the Public Records Act (PRA) to: (a) Provide
that requests for all agency records or substantially all agency
records is not a request for identifiable public records and may be
denied; (b) provide that multiple records requests to an agency made
by an automated computer program are not valid requests for records
under the PRA and may be denied; and (c) authorize local agencies to
ask requestors to respond in a manner to determine whether multiple
records requests were generated by an automated computer program.

(2) Exempts requests made by requestors with contractual
relationships with state and local agencies from a provision
establishing that multiple records requests made to an agency by an
automated computer program are not valid requests for records under
the PRA.
