EFFECT: Includes within the definition of "private sector financial firms" persons or entities holding a certificate of authority.

Clarifies the conditions for approval of plan participation in the Washington Small Business Retirement Marketplace (Marketplace), by stating that the private sector financial services firm must meet the requirements of the act, and must comply with federal laws or

regulations. The Director of the Department of Commerce may remove approved plans that no longer meet the requirements of Chapter 43.330 RCW.

Financial services firms participating in the marketplace may not charge participating employers an administrative fee for approved Marketplace plans, in addition to the underlying bill's limitation of fees to enrollees to no more than one hundred basis points.

The Department of Financial Institutions does not have to confirm that products proposed for inclusion in the Marketplace comply with federal laws and regulations.
