

E2SSB 6194 - H AMD TO H AMD (H-4714.2/16) **951**
By Representative Gregerson

NOT ADOPTED 03/09/2016

1 On page 6, beginning on line 27 of the amendment, after "to"
2 strike all material through "state" on line 32 and insert "at-risk
3 students"

EFFECT: (1) Requires, if capacity is insufficient to enroll all students who apply to a charter school, that the charter school grant an enrollment preference to at-risk students.

(2) Removes a provision in the underlying amendment specifying that if capacity is insufficient to enroll all students who apply to a charter school, the school must grant an enrollment preference to siblings, with any remaining enrollments allocated through a lottery.

(3) Removes a provision in the underlying amendment authorizing a charter school to offer a weighted enrollment preference for at-risk students or to children of full-time employees of the school if the children reside within the state.
