

# FINAL BILL REPORT

## HB 2332

---

---

C 122 L 16  
Synopsis as Enacted

**Brief Description:** Removing an expiration date concerning the filing and public disclosure of health care provider compensation.

**Sponsors:** Representative Kirby; by request of Insurance Commissioner.

**House Committee on Health Care & Wellness**  
**Senate Committee on Health Care**

**Background:**

Prior to July 28, 2013, health care service contractors and health maintenance organizations were required to file their provider contract forms with the Insurance Commissioner (Commissioner). The Commissioner could approve the forms for immediate use. If the Commissioner took no action within 15 days, the forms were deemed approved, unless the Commissioner invoked a 15-day extension.

Beginning July 28, 2013, all carriers were required to file all provider contracts and provider compensation agreements with the Commissioner 30 days before use. A provider contract and its related compensation agreements are deemed approved if the Commissioner does not disapprove them within the 30-day period; the Commissioner may extend the 30-day period by 15 days. Provider compensation agreements are confidential and not subject to public inspection and copying if filed through the system for electronic rate and form filings and the Commissioner's general filing instructions.

The provisions relating to provider contracts and compensation agreements expire on July 1, 2017, after which the requirements relating to provider contract forms, as they existed prior to July 28, 2013, will go back into effect.

**Summary:**

The July 1, 2017, expiration date on the provisions relating to the filing of provider contracts and compensation agreements is removed.
