SENATE COMMITTEE ON NATURAL RESOURCES & PARKS

Staff: Curt Gavigan (786-7437)

Background: Department of Fish and Wildlife (DFW) Generally. DFW is responsible for issuing recreational hunting and fishing licenses at fees that are set in statute for each license type. In general, recreational licensing fees are a set amount for an adult state resident, an increased price for a non-state resident, and a reduced price for a youth hunter or fisher. For example, the statutory fee for a small game hunting license is \$35 for residents, \$165 for nonresidents, and \$15 for youth.

Reduced Rate Licenses. Reduced license prices are available to certain individuals with disabilities. These individuals may receive a combination fishing license for \$5 and any of the various state hunting licenses for the price that is charged to a youth participant for that license.

To qualify for one of these reduced rates, a person must be a Washington resident and satisfy one of the following criteria:

- be an honorably discharged veteran who is at least 65 years old and who has a service-related disability of any kind;
- be an honorably discharged veteran of any age and who has a 30 percent or greater service-related disability;
- have, regardless of military service, a disability that results in the permanent use of a wheelchair, or results in blindness or another visual impairment; or
- have a developmental disability.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.
