

SENATE BILL REPORT

SB 5292

As of January 27, 2015

Title: An act relating to protecting children and youth from powdered alcohol.

Brief Description: Protecting children and youth from powdered alcohol.

Sponsors: Senators Roach, Billig, Hasegawa and Benton.

Brief History:

Committee Activity: Law & Justice: 1/26/15.

SENATE COMMITTEE ON LAW & JUSTICE

Staff: Melissa Burke-Cain (786-7755)

Background: A manufacturer plans to market an alcohol product made with a starch – cyclodextrin – that binds alcohol in a dry powder. Consumers add water to the powder to release the alcohol. Powdered alcohol poses health and safety risks to children and youth. The U.S. Alcohol Tobacco and Trade Bureau must approve the alcohol-based product for sale.

Washington laws regulate liquor sales and possession, but powdered alcohol may fall outside current state liquor control laws. These laws prohibit liquor sales to minors. Currently at least six states limit powdered alcohol sales. The states are Alaska, Colorado, Delaware, Louisiana, South Carolina, and Vermont. Lawmakers in Minnesota, New Jersey, New York, and Ohio are considering similar laws.

Summary of Bill: All current laws on the use, possession, purchase, and sale of liquor apply to powdered alcohol. Persons under age 21 cannot possess or consume powdered alcohol. Exemptions apply to powdered alcohol for medical use and religious services.

Appropriation: None.

Fiscal Note: Not requested.

Committee/Commission/Task Force Created: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Staff Summary of Public Testimony: PRO: Washington has an opportunity to be in the vanguard in protecting youth from this substance.

Persons Testifying: PRO: Senator Roach, prime sponsor.
