State of Washington

64th Legislature

2015 Regular Session

By Representatives Orwall, Goodman, Pettigrew, Ryu, Stanford, Gregerson, Jinkins, Bergquist, McBride, Magendanz, Cody, Kagi, S. Hunt, and Pollet; by request of Attorney General

Read first time 01/21/15. Referred to Committee on Health Care & Wellness.

1 AN ACT Relating to protecting youth from tobacco products and  
2 vapor products; and amending RCW 70.155.005, 26.28.080, 70.155.010,  
3 70.155.020, 70.155.030, 70.155.080, 70.155.110, and 70.155.120.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 70.155.005 and 1993 c 507 s 1 are each amended to  
6 read as follows:

7 (1) The legislature finds that chapter ..., Laws of 2015 (this  
8 act) furthers the public health, safety, and welfare by reducing  
9 youth access to addictive and harmful products.

10 (2) While present state law prohibits the sale and distribution  
11 of tobacco and vapor products to ((minors)) youth under the age of  
12 eighteen, youth obtain ((tobacco)) these products with ease.  
13 ((Availability and lack of enforcement put tobacco products in the  
14 hands of youth.))

15 (3) Almost all adults who smoke started smoking when they were  
16 teenagers. At the same time, according to the 2012 healthy youth  
17 survey, forty-six percent of tenth graders say it is "sort of easy"  
18 to "very easy" to get cigarettes. Of these tenth graders who smoked,  
19 more than twice as many said they got their cigarettes from social  
20 sources, not from a store or vending machine.

1       (4) The years between age eighteen and age twenty-one are a  
2 critical period in which more than a quarter of those using tobacco  
3 move from experimentation to daily use. The legislature recognizes  
4 academic research projecting that raising the legal smoking age to  
5 twenty-one could cut the youth smoking rate in half within seven  
6 years.

7       (5) The legislature finds that reducing the youth smoking rate  
8 will save lives and reduce health care costs. Every year, two billion  
9 eight hundred ten million dollars in health care costs can be  
10 directly attributed to tobacco use in Washington. Smoking-caused  
11 government expenditures cost every Washington household six hundred  
12 twenty-five dollars per year.

13       (6) Federal law requires states to enforce laws prohibiting sale  
14 and distribution of tobacco products to minors in a manner that can  
15 reasonably be expected to reduce the extent to which the products are  
16 available to minors. It is imperative to effectively reduce the sale,  
17 distribution, and availability of tobacco products to minors.

18       **Sec. 2.** RCW 26.28.080 and 2013 c 47 s 1 are each amended to read  
19 as follows:

20       (1) (~~Every~~) A person who sells or gives, or permits to be sold  
21 or given, to (~~any~~) a person under the age of (~~eighteen~~) twenty-  
22 one years any cigar, cigarette, cigarette paper or wrapper, tobacco  
23 in any form, or a vapor product is guilty of a gross misdemeanor.

24       (2) It shall be no defense to a prosecution for a violation of  
25 this section that the person acted, or was believed by the defendant  
26 to act, as agent or representative of another.

27       (3) For the purposes of this section, "vapor product" means a  
28 noncombustible tobacco-derived product containing nicotine that  
29 employs a mechanical heating element, battery, or circuit, regardless  
30 of shape or size, that can be used to heat a liquid nicotine solution  
31 contained in cartridges. Vapor product does not include any product  
32 that is regulated by the United States food and drug administration  
33 under chapter V of the federal food, drug, and cosmetic act.

14 purposes of RCW 70.155.140 only, "tobacco product" does not include  
15 cigars defined in RCW 82.26.010 as to which one thousand units weigh  
16 more than three pounds.

17 **Sec. 4.** RCW 70.155.020 and 1993 c 507 s 3 are each amended to

34 **Sec. 5.** RCW 70.155.030 and 1994 c 202 s 1 are each amended to  
35 read as follows:

36 (1) No person shall sell or permit to be sold any tobacco product  
37 through any device that mechanically dispenses tobacco products  
38 unless the device is located fully within premises from which

1 ((minors)) persons under the age of twenty-one are prohibited or in  
2 industrial worksites where ((minors)) persons under the age of  
3 twenty-one are not employed and not less than ten feet from all  
4 entrance or exit ways to and from each premise.

5 (2) The board shall adopt rules that allow an exception to the  
6 requirement that a device be located not less than ten feet from all

16 subject to a fine as set out in chapter 7.80 RCW or participation in  
17 up to four hours of community restitution, or both. The court may  
18 also require participation in a ((smoking)) cessation program. This  
19 provision does not apply if a person under the age of eighteen, with  
20 parental authorization, or a person at least eighteen years of age,  
21 but less than twenty-one years of age is participating in a  
22 controlled purchase as part of a liquor control board, law

24 (2) Municipal and district courts within the state have  
25 jurisdiction for enforcement of this section.

26 **Sec. 7.** RCW 70.155.110 and 1993 c 507 s 12 are each amended to  
27 read as follows:

29 other powers and authorities, have the authority to enforce the

4 grounds to believe a person observed by the officer purchasing,  
5 attempting to purchase, or in possession of tobacco products is under  
6 the age of (~~(eighteen)~~) twenty-one years of age, may detain (~~(such)~~)  
7 a person for a reasonable period of time and in such a reasonable
