HOUSE BILL 1978

---

State of Washington

64th Legislature

2015 Regular Session

By Representative Appleton

Read first time 02/04/15. Referred to Committee on Health Care & Wellness.

1 AN ACT Relating to amending the patient bill of rights to ensure  
2 continuity of care; and amending RCW 48.43.515.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 **Sec. 1.** RCW 48.43.515 and 2000 c 5 s 7 are each amended to read  
5 as follows:

6 (1) Each enrollee in a health plan must have adequate choice  
7 among health care providers.

8 (2) Each carrier must allow an enrollee to choose a primary care  
9 provider who is accepting new enrollees from a list of participating  
10 providers. Enrollees also must be permitted to change primary care  
11 providers at any time with the change becoming effective no later  
12 than the beginning of the month following the enrollee's request for  
13 the change.

14 (3) Each carrier must have a process whereby an enrollee with a  
15 complex or serious medical or psychiatric condition may receive a  
16 standing referral to a participating specialist for an extended  
17 period of time.

18 (4) Each carrier must provide for appropriate and timely referral  
19 of enrollees to a choice of specialists within the plan if specialty  
20 care is warranted. If the type of medical specialist needed for a  
21 specific condition is not represented on the specialty panel,

1 enrollees must have access to nonparticipating specialty health care  
2 providers.

3 (5) Each carrier shall provide enrollees with direct access to  
4 the participating chiropractor of the enrollee's choice for covered  
5 chiropractic health care without the necessity of prior referral.  
6 Nothing in this subsection shall prevent carriers from restricting  
7 enrollees to seeing only providers who have signed participating  
8 provider agreements or from utilizing other managed care and cost  
9 containment techniques and processes. For purposes of this  
10 subsection, "covered chiropractic health care" means covered benefits  
11 and limitations related to chiropractic health services as stated in  
12 the plan's medical coverage agreement, with the exception of any  
13 provisions related to prior referral for services.

14 (6) Each carrier must provide, upon the request of an enrollee,  
15 access by the enrollee to a second opinion regarding any medical  
16 diagnosis or treatment plan from a qualified participating provider  
17 of the enrollee's choice.

18 (7) Each carrier must cover services of (~~(a primary care)~~) any  
19 provider whose contract with the plan or whose contract with a  
20 subcontractor is being terminated by the plan or subcontractor  
21 without cause under the terms of that contract for at least sixty  
22 days following notice of termination to the enrollees or, in group  
23 coverage arrangements involving periods of open enrollment, only  
24 until the end of the next open enrollment period. The provider's  
25 relationship with the carrier or subcontractor must be continued on  
26 the same terms and conditions as those of the contract the plan or  
27 subcontractor is terminating, except for any provision requiring that  
28 the carrier assign new enrollees to the terminated provider.

29 (8) Each carrier must cover services of a hospital whose contract  
30 with the plan is being terminated by either the plan or the hospital  
31 through the duration of the plan year for all enrollees enrolled in  
32 products allowing in-network access to the hospital at the time of  
33 termination. The contract must be continued by the plan and the  
34 hospital on the same terms and conditions as those of the contract  
35 that is terminating and the enrollee coverage must continue to be  
36 calculated as in-network benefits through the plan year with no  
37 balance billing of the enrollee. This section does not require  
38 reimbursement for services that are not covered in the enrollee's  
39 health benefit plan.

1       (9) Every carrier shall meet the standards set forth in this  
2 section and any rules adopted by the commissioner to implement this  
3 section. In developing rules to implement this section, the  
4 commissioner shall consider relevant standards adopted by national  
5 managed care accreditation organizations and state agencies that  
6 purchase managed health care services.

--- END ---
