29 one cubic yard shall also pay a litter cleanup restitution payment.
30 This payment must be the greater of twice the actual cost of removing
31 and properly disposing of the litter, or one hundred dollars per
32 cubic foot of litter.

33 (iii) The court shall distribute one-half of the restitution
34 payment to the landowner where the littering occurred and one-half of
35 the restitution payment to the jurisdictional health department
36 investigating the incident. If the landowner provided written
37 permission authorizing the littering on his or her property or
38 assisted a person with littering on the landowner's property, the
39 landowner is not entitled to any restitution ordered by the court and

1 the full litter cleanup restitution payment must be provided to the
2 jurisdictional health department investigating the incident.

3 (iv) A jurisdictional health department receiving all or a
4 portion of a litter cleanup restitution payment must use the payment
5 as follows:

6 (A) One-half of the payment may be used by the jurisdictional
7 health department in the fulfillment of its responsibilities under
8 this chapter; and

9 (B) One-half of the payment must be used to assist property
10 owners located within the jurisdiction of the health department with
11 the removal and proper disposal of litter in instances when the
12 person responsible for the illegal dumping of the solid waste cannot
13 be determined.

14 (v) The court may, in addition to the litter cleanup restitution
15 payment, order the person to remove and properly dispose of the
16 litter from the property, with prior permission of the legal owner
17 or, in the case of public property, of the agency managing the
18 property. The court may suspend or modify the litter cleanup
19 restitution payment for a first-time offender under this section if
20 the person removes and properly disposes of the litter.

21 (4) If a junk vehicle is abandoned in violation of this chapter,
22 RCW 46.55.230 governs the vehicle's removal, disposal, and sale, and
23 the penalties that may be imposed against the person who abandoned
24 the vehicle.

25 (5) When enforcing this section, the enforcing authority must
26 take reasonable action to determine and identify the person
27 responsible for illegally dumping solid waste before requiring the
28 owner or lessee of the property where illegal dumping of solid waste
29 has occurred to remove and properly dispose of the litter on the
30 site.

31 **Sec. 7.** RCW 70.95.300 and 1998 c 156 s 2 are each amended to
32 read as follows:

33 (1) The department may by rule (~~((exempt))~~) establish
34 administrative procedures governing the process for the department to
35 propose and approve exempting a solid waste from the permitting
36 requirements of this chapter for one or more beneficial uses. In
37 (~~((adopting such rules))~~) exempting such uses, the department shall
38 specify both the solid waste that is exempted from the permitting
39 requirements and the beneficial use or uses for which the solid waste

1 is so exempted. The department shall consider: (a) Whether the
2 (~~material~~) solid waste will be beneficially used or reused; and (b)
3 whether the beneficial use or reuse of the (~~material~~) solid waste
4 will present threats to human health or the environment.

5 (2) When the department proposes to exempt from the permitting
6 requirements of this chapter one or more beneficial uses of a solid
7 waste, the department shall forward a copy of the complete proposal
8 to all jurisdictional health departments for review and comment.
9 Within forty-five days, the jurisdictional health departments shall
10 forward to the department their comments and any other information
11 they deem relevant to the department's decision whether or not to
12 adopt the proposal. If the proposal is adopted by the department, use
13 of the solid waste is exempt from the permitting requirements of this
14 chapter when used anywhere in the state in the manner approved by the
15 department. If the composition, use, or reuse of the solid waste
16 changes, or the management, storage, or end use constitutes a threat
17 to human health or the environment, the exemption may be terminated
18 and use of the solid waste remains subject to the permitting
19 requirements of this chapter.

20 (3) The department may also exempt a solid waste from the
21 permitting requirements of this chapter for one or more beneficial
22 uses by approving an application for such an exemption. The
23 department shall establish by rule procedures under which a person
24 may apply to the department for such an exemption. The rules shall
25 establish criteria for providing such an exemption, which shall
26 include, but not be limited to: (a) The (~~material~~) solid waste will
27 be beneficially used or reused; (~~and~~) (b) the beneficial use or
28 reuse of the material will not present threats to human health or the
29 environment; and (c) for solid waste to be applied to the land as a
30 soil amendment, analytical data showing that the solid waste meets
31 standards established under RCW 15.54.800(3). Rules adopted under
32 this subsection shall identify the information that an application
33 shall contain. Persons seeking such an exemption shall apply to the
34 department under the procedures established by the rules adopted
35 under this subsection.

36 (~~(3)~~) (4) After receipt of an application filed under rules
37 adopted under (~~subsection (2) of~~) this section, the department
38 shall review the application to determine whether it is complete, and
39 forward a copy of the completed application to all jurisdictional
40 health departments for review and comment. Within forty-five days,

1 the jurisdictional health departments shall forward to the department
2 their comments and any other information they deem relevant to the
3 department's decision to approve or disapprove the application. Every
4 complete application shall be approved or disapproved by the
5 department within ninety days of receipt. If the application is
6 approved by the department, the solid waste is exempt from the
7 permitting requirements of this chapter when used anywhere in the
8 state in the manner approved by the department. If the composition,
9 use, or reuse of the solid waste (~~(is not consistent with the terms~~
10 ~~and conditions of the department's approval of the application,)~~)
11 changes, or the management, storage, or end use constitutes a threat
12 to human health or the environment, the exemption may be terminated
13 and the use of the solid waste remains subject to the permitting
14 requirements of this chapter.

15 ~~((4))~~ (5) The department shall establish procedures by rule for
16 providing to the public and the solid waste industry notice of and an
17 opportunity to comment on each application or proposal for an
18 exemption under (~~(subsection (2) of)~~) this section.

19 ~~((5) Any jurisdictional health department or applicant)~~ (6) Any
20 aggrieved party may appeal the decision of the department to approve
21 or disapprove an application or adopt a proposal under (~~(subsection~~
22 ~~(3) of)~~) this section. The appeal shall be made to the pollution
23 control hearings board by filing with the hearings board a notice of
24 appeal within thirty days of the decision of the department. The
25 hearings board's review of the decision shall be made in accordance
26 with chapter 43.21B RCW and any subsequent appeal of a decision of
27 the board shall be made in accordance with RCW 43.21B.180.

28 ~~((6))~~ (7) This section shall not be deemed to invalidate the
29 exemptions or determinations of nonapplicability in the department's
30 solid waste rules as they exist on June 11, 1998, which exemptions
31 and determinations are recognized and confirmed subject to the
32 department's continuing authority to modify or revoke those
33 exemptions or determinations by rule.

34 (8) Nothing in this section applies to biosolids or sewage sludge
35 as defined under this chapter and chapter 70.95J RCW or the rules
36 adopted under this chapter and chapter 70.95J RCW.

37 **Sec. 8.** RCW 70.95M.080 and 2003 c 260 s 9 are each amended to
38 read as follows:

1 A violation of this chapter is punishable by a civil penalty not
2 to exceed one thousand dollars for each violation in the case of a
3 first violation. Repeat violators are liable for a civil penalty not
4 to exceed five thousand dollars for each repeat violation. Penalties
5 collected under this section must be deposited in the state toxics
6 control account created in RCW 70.105D.070. The penalties provided in
7 this section must be imposed pursuant to RCW 43.21B.300 and may be
8 appealed to the pollution control hearings board.

9 **Sec. 9.** RCW 70.105.095 and 2012 c 117 s 417 are each amended to
10 read as follows:

11 (1) Whenever on the basis on any information the department
12 determines that a person has violated or is about to violate any
13 provision of this chapter, the department may issue an order
14 requiring compliance either immediately or within a specified period
15 of time. The order shall be delivered by registered mail or
16 personally to the person against whom the order is directed.

17 (2) Any person who fails to take corrective action as specified
18 in a compliance order shall be liable for a civil penalty of not more
19 than ten thousand dollars for each day of continued noncompliance. In
20 addition, the department may suspend or revoke any permits and/or
21 certificates issued under the provisions of this chapter to a person
22 who fails to comply with an order directed against him or her.

23 (3) Any order or penalty may be appealed pursuant to RCW
24 43.21B.310.

25 **Sec. 10.** RCW 70.107.010 and 1974 ex.s. c 183 s 1 are each
26 amended to read as follows:

27 The legislature finds that inadequately controlled noise
28 adversely affects the health, safety and welfare of the people, the
29 value of property, and the quality of the environment. (~~Antinoise~~
30 ~~measures of the past have not adequately protected against the~~
31 ~~invasion of these interests by noise. There is a need, therefore, for~~
32 ~~an expansion of efforts statewide directed toward the abatement and~~
33 ~~control of noise, considering the social and economic impact upon the~~
34 ~~community and the state.)) The purpose of this chapter is to provide
35 authority for ((~~such an expansion of efforts, supplementing existing~~
36 ~~programs in the field~~)) local governments to adopt and enforce

5 ~~expressing an interest therein, shall adopt, by rule, maximum noise~~
6 ~~levels permissible)) shall adopt rules setting model standards for~~
7 ~~noise control regulation by local governments~~ in identified
8 environments in order to protect against adverse ((affects)) effects
9 of noise on the health, safety, and welfare of the people, the value
10 of property, and the quality of environment(~~(: PROVIDED, That in so~~

12 and practical benefits to be derived from the use of various products
13 in each such environment, whether the source of the noise or the use
14 of such products in each environment is permanent or temporary in
15 nature, and the state of technology relative to the control of noise
16 generated by all such sources of the noise or the products.

17 ~~((2) At any time after the adoption of maximum noise levels~~
18 ~~under subsection (1) of this section the department shall, in~~
19 ~~consultation with state agencies and local governments expressing an~~

23 ~~designed to achieve compliance with the noise level adopted in~~
24 ~~subsection (1) of this section, including reasonable implementation~~
25 ~~schedules where appropriate, to insure that the maximum noise levels~~
26 ~~are not exceeded and that application of the best practicable noise~~
27 ~~control technology and practice is provided. These rules may include,~~
28 ~~but shall not be limited to:~~

29 ~~(a) Performance standards setting allowable noise limits for the~~
30 ~~operation of products which produce noise;~~

31 ~~(b) Use standards regulating, as to time and place, the operation~~

33 ~~considering frequency spectrum and duration: PROVIDED, The rules~~
34 ~~shall provide for temporarily exceeding those standards for stated~~
35 ~~purposes; and~~

36 ~~(c) Public information requirements dealing with disclosure of~~
37 ~~levels and characteristics of noise produced by products.~~

38 ~~(3) The department may, as desirable in the performance of its~~
39 ~~duties under this chapter, conduct surveys, studies and public~~

3 ~~implementation of this chapter.~~

4 ~~(5) The legislature recognizes that the operation of motor~~
5 ~~vehicles on public highways as defined in RCW 46.09.310 contributes~~
6 ~~significantly to environmental noise levels and directs the~~
7 ~~department, in exercising the rule-making authority under the~~
8 ~~provisions of this section, to give first priority to the adoption of~~
9 ~~motor vehicle noise performance standards.~~

10 ~~(6) Noise levels and rules adopted by the department pursuant to~~

17 (2) Nothing in this chapter shall deny, abridge or alter any
18 powers, duties, and functions relating to noise abatement and control

22 vested in the department of labor and industries.

23 (3) ~~((Standards and other control measures adopted by the~~
24 ~~department under this chapter shall be exclusive except as~~
25 ~~hereinafter provided.))~~ A local government may impose limits or
26 control sources differing from those adopted ~~((or controlled))~~ by the
27 department ~~((upon a finding that such requirements are necessitated~~
28 ~~by special conditions. Noise limiting requirements of local~~
29 ~~government which differ from those adopted or controlled by the~~

34 ~~the local government may appeal the decision to the pollution control~~
35 ~~hearings board which shall decide the appeal on the basis of the~~
36 ~~provisions of this chapter, and the applicable regulations, together~~
37 ~~with such briefs, testimony, and oral argument as the hearings board~~
38 ~~in its discretion may require. The department determination of~~
39 ~~whether to grant approval shall depend on the reasonableness and~~

6 chapter, the department shall follow the procedures of the
7 administrative procedure act, chapter 34.05 RCW, and shall take care
8 that no rules adopted purport to exercise any powers preempted by the
9 United States under federal law.

10 **Sec. 13.** RCW 70.240.050 and 2008 c 288 s 7 are each amended to
11 read as follows:

38 **Sec. 16.** RCW 90.58.090 and 2011 c 353 s 14 and 2011 c 277 s 2
39 are each reenacted and amended to read as follows:

1 (1) A master program, segment of a master program, or an
2 amendment to a master program shall become effective when approved by
3 the department as provided in subsection (7) of this section. Within
4 the time period provided in RCW 90.58.080, each local government
5 shall have submitted a master program, either totally or by segments,
6 for all shorelines of the state within its jurisdiction to the
7 department for review and approval.

8 The department shall strive to achieve final action on a
9 submitted master program within one hundred eighty days of receipt
10 and shall post an annual assessment related to this performance
11 benchmark on the agency web site.

12 (2) Upon receipt of a proposed master program or amendment, the
13 department shall:

14 (a) Provide notice to and opportunity for written comment by all
15 interested parties of record as a part of the local government review
16 process for the proposal and to all persons, groups, and agencies
17 that have requested in writing notice of proposed master programs or
18 amendments generally or for a specific area, subject matter, or
19 issue. The comment period shall be at least thirty days, unless the
20 department determines that the level of complexity or controversy
21 involved supports a shorter period;

22 (b) In the department's discretion, conduct a public hearing
23 during the thirty-day comment period in the jurisdiction proposing
24 the master program or amendment;

25 (c) Within fifteen days after the close of public comment,
26 request the local government to review the issues identified by the
27 public, interested parties, groups, and agencies and provide a
28 written response as to how the proposal addresses the identified
29 issues;

30 (d) Within thirty days after receipt of the local government
31 response pursuant to (c) of this subsection, make written findings
32 and conclusions regarding the consistency of the proposal with the
33 policy of RCW 90.58.020 and the applicable guidelines, provide a
34 response to the issues identified in (c) of this subsection, and
35 either approve the proposal as submitted, recommend specific changes
36 necessary to make the proposal approvable, or deny approval of the
37 proposal in those instances where no alteration of the proposal
38 appears likely to be consistent with the policy of RCW 90.58.020 and
39 the applicable guidelines. The written findings and conclusions shall
40 be provided to the local government, and made available to all

1 interested persons, parties, groups, and agencies of record on the
2 proposal;

3 (e) If the department recommends changes to the proposed master
4 program or amendment, within thirty days after the department mails
5 the written findings and conclusions to the local government, the
6 local government may:

7 (i) Agree to the proposed changes by written notice to the
8 department; or

9 (ii) Submit an alternative proposal. If, in the opinion of the
10 department, the alternative is consistent with the purpose and intent
11 of the changes originally submitted by the department and with this
12 chapter it shall approve the changes and provide notice to all
13 recipients of the written findings and conclusions. If the department
14 determines the proposal is not consistent with the purpose and intent
15 of the changes proposed by the department, the department may
16 resubmit the proposal for public and agency review pursuant to this
17 section or reject the proposal.

18 (3) The department shall approve the segment of a master program
19 relating to shorelines unless it determines that the submitted
20 segments are not consistent with the policy of RCW 90.58.020 and the
21 applicable guidelines.

22 (4) The department shall approve the segment of a master program
23 relating to critical areas as defined by RCW 36.70A.030(5) provided
24 the master program segment is consistent with RCW 90.58.020 ~~((and))~~,
25 applicable shoreline guidelines, and ~~((if the segment provides a
26 level of protection of critical areas at least equal to that provided
27 by the local government's critical areas ordinances adopted and
28 thereafter amended pursuant to RCW 36.70A.060(2)))~~ RCW 36.70A.480.

29 (5) The department shall approve those segments of the master
30 program relating to shorelines of statewide significance only after
31 determining the program provides the optimum implementation of the
32 policy of this chapter to satisfy the statewide interest. If the
33 department does not approve a segment of a local government master
34 program relating to a shoreline of statewide significance, the
35 department may develop and by rule adopt an alternative to the local
36 government's proposal.

37 (6) In the event a local government has not complied with the
38 requirements of RCW 90.58.070 it may thereafter upon written notice
39 to the department elect to adopt a master program for the shorelines
40 within its jurisdiction, in which event it shall comply with the

1 provisions established by this chapter for the adoption of a master
2 program for such shorelines.

3 Upon approval of such master program by the department it shall
4 supersede such master program as may have been adopted by the
5 department for such shorelines.

6 (7) A master program or amendment to a master program takes
7 effect when and in such form as approved or adopted by the
8 department. The effective date is fourteen days from the date of the
9 department's written notice of final action to the local government
10 stating the department has approved or rejected the proposal. For
11 master programs adopted by rule, the effective date is governed by
12 RCW 34.05.380. The department's written notice to the local
13 government must conspicuously and plainly state that it is the
14 department's final decision and that there will be no further
15 modifications to the proposal.

16 (a) Shoreline master programs that were adopted by the department
17 prior to July 22, 1995, in accordance with the provisions of this
18 section then in effect, shall be deemed approved by the department in
19 accordance with the provisions of this section that became effective
20 on that date.

21 (b) The department shall maintain a record of each master
22 program, the action taken on any proposal for adoption or amendment
23 of the master program, and any appeal of the department's action. The
24 department's approved document of record constitutes the official
25 master program.

26 (8) Promptly after approval or disapproval of a local
27 government's shoreline master program or amendment, the department
