

HB 2652-S - DIGEST

(SEE ALSO PROPOSED 2ND SUB)

Requires the department of health to contract with an entity, which may be a private organization or another state that operates a similar registry, to coordinate and manage the statewide health care declarations registry in compliance with certain standards identified in this act.

Authorizes an applicant for a new or renewal driver's license or identicard to request that the application designate whether he or she: (1) Has executed a health care declaration; and

(2) Has executed a health care declaration that is stored in the health care declarations registry.

Requires the department of licensing to issue an original or renewed driver's license or identicard: (1) That denotes the existence of a health care declaration through a symbol or abbreviation, if the person has indicated on his or her application that he or she has a health care declaration; or

(2) That denotes the existence of a health care declaration through a symbol or abbreviation as well as a code that, when electronically scanned, directs an authorized health care provider or facility to the person's health care declaration in the health care declarations registry, if the person has indicated on his or her application that he or she has a health care declaration that is stored in the health care declarations registry.
