

HB 2956 - DIGEST

(SEE ALSO PROPOSED 1ST SUB)

Creates the legislative task force on information technology in transportation to assist policymakers, businesses, and the public to prepare for and develop a transportation system that: (1) Accommodates an array of information technology uses in vehicles and for transportation purposes, generally; and

(2) Seeks to maximize the benefits from the use of such technology, with respect to: Reduced congestion and traffic accidents; increased mobility, particularly for mobility-challenged persons and those that are underserved by the current transportation system; and greater utility for the traveling public, in general.
