

SB 6505 - DIGEST

Establishes the government of, by, and for the people act.

Declares that the legislature supports amending the United States Constitution to eliminate the undue influence of concentrated money and political power on elections and governmental policy. The amendment would overturn decisions by the United States supreme court extending constitutional rights to corporations and other artificial legal entities as well as those decisions equating the spending of money with free speech. It also provides for the regulation and disclosure of political contributions and spending.
