

SB 6558 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to make clear: (1) The legislature's directive to the pharmacy quality assurance commission and the department of health to allow hospital pharmacy licenses to include individual practitioner offices and multipractitioner clinics owned and operated by a hospital; and

(2) That the offices and clinics are regulated, inspected, and investigated according to the level of service provided.

Requires the department of health, if it determines that rules are necessary for the immediate implementation of the inspection standards, to adopt rules under the expedited rule-making process.
