ADOPTED 02/28/2017

1 On page 7, line 9, after "means" strike all material through  
2 "district" on line 10 and insert "geographical areas near enough to  
3 each other so that governance, management, and services can be  
4 delivered effectively"

☐

EFFECT: Corrects a drafting error and makes the definition of "reasonable proximity" consistent with how it is defined in section 1 of the act. Defines "reasonable proximity," as it relates to fire district annexations, to mean geographical areas near enough to each other so that governance, management, and services can be delivered effectively.
