Specifies that when applying to change the ownership of a seven or eight bed adult family home, the new provider must have operated a home with six residents for at least 12 months prior to application.

Requires that the home complete two inspection cycles without an enforcement action, rather than requiring the new provider's currently licensed adult family homes to have not had an enforcement action within the prior 12 months.

Requires an applicant for a seven or eight bed adult family home to either demonstrate compliance with current Department of Social and Health Services emergency evacuation standards or install an automatic fire sprinkler system in the home.
