

**SHB 2995** - H AMD TO H AMD (H-5122.1/18) **1370**

By Representative Harmsworth

1 On page 4, after line 24 of the striking amendment, insert the  
2 following:

3 "(7) The fossil fuel reduction targets established in subsection  
4 (3) of this section shall not take effect until the governor requests  
5 and receives a report from the Northwest power and conservation  
6 council that makes a determination that, under a maximum carbon  
7 reduction scenario in the most recent power plan, the targets are  
8 feasible and cost-effective. Electric utilities must reduce the total  
9 number of megawatt hours from fossil fuel generating resources  
10 delivered to Washington customers by twenty-five percent compared to a  
11 2017 baseline beginning five years after such a determination is made,  
12 with subsequent reduction targets specified under subsection (3) of  
13 this section to be met every five years thereafter."

EFFECT: Makes the effective date of the fossil fuel reduction targets contingent upon a determination from the Northwest Power and Conservation Council that, under a maximum carbon reduction scenario in the most recent Northwest Power Plan, the targets are feasible and cost-effective.
