By Senator Fain

WITHDRAWN 01/25/2018

1 On page 6, at the beginning of line 1, after "firearm" insert "to
2 five or more shots per second"

3 On page 6, line 8, after "mechanism" insert ". Trigger
4 modification device does not include modifications designed to
5 improve trigger control or firearm accuracy and which also increase
6 the rate of fire by a small or negligible amount"

EFFECT: Specifies that in order to constitute a trigger modification device, the part or combination of parts must increase the rate of fire to five shots per second; and clarifies that a trigger modification device does not include modifications designed to improve trigger control or firearm accuracy and which also increase the rate of fire by a small or negligible amount.
