

HOUSE BILL REPORT

E2SHB 1600

As Passed Legislature

Title: An act relating to increasing the career and college readiness of public school students.

Brief Description: Increasing the career and college readiness of public school students.

Sponsors: House Committee on Education (originally sponsored by Representatives Santos, Pettigrew, Harris, Young, Stonier, Pike, Appleton, Johnson, Fey, Bergquist, Hudgins, Kraft, Slatter and Tarleton).

Brief History:

Committee Activity:

Education: 2/6/17, 2/16/17 [DP], 1/9/18, 1/18/18 [DP2S];

Appropriations: 2/23/17, 2/24/17 [DPS], 2/6/18 [DP2S(ED)].

Floor Activity:

Passed House: 3/1/17, 94-4.

Senate Amended.

Passed Senate: 4/7/17, 49-0.

House Refused to Concur.

Passed House: 5/2/17, 90-2.

Passed House: 5/25/17, 91-3.

Passed House: 2/9/18, 98-0.

Passed Senate: 2/27/18, 48-0.

Passed Legislature.

Brief Summary of Engrossed Second Substitute Bill

- Establishes the Work-Integrated Learning Initiative (Initiative) to promote work-integrated learning experiences for students through programs at schools selected to participate in the Initiative.
- Authorizes the Office of the Superintendent of Public Instruction (OSPI) to contract with a qualifying statewide nonprofit organization to establish a matching grant program to fund projects implemented at schools selected to participate in the Initiative.
- Establishes duties and reporting requirements for schools selected to participate in the Initiative.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

- Directs the OSPI to convene a temporary Work-Integrated Learning Advisory Committee and establishes related membership provisions and duties.

HOUSE COMMITTEE ON EDUCATION

Majority Report: The second substitute bill be substituted therefor and the second substitute bill do pass. Signed by 19 members: Representatives Santos, Chair; Dolan, Vice Chair; Stonier, Vice Chair; Harris, Ranking Minority Member; Muri, Assistant Ranking Minority Member; Bergquist, Calder, Hargrove, Johnson, Kilduff, Lovick, McCaslin, Ortiz-Self, Senn, Slatter, Steele, Stokesbary, Valdez and Volz.

Staff: Ethan Moreno (786-7386).

HOUSE COMMITTEE ON APPROPRIATIONS

Majority Report: The second substitute bill by Committee on Education be substituted therefor and the second substitute bill do pass. Signed by 30 members: Representatives Ormsby, Chair; Robinson, Vice Chair; MacEwen, Assistant Ranking Minority Member; Stokesbary, Assistant Ranking Minority Member; Bergquist, Buys, Calder, Cody, Fitzgibbon, Graves, Haler, Hansen, Harris, Hudgins, Jinkins, Kagi, Lytton, Manweller, Pettigrew, Pollet, Sawyer, Schmick, Senn, Springer, Stanford, Sullivan, Tharinger, Vick, Volz and Wilcox.

Minority Report: Do not pass. Signed by 3 members: Representatives Chandler, Ranking Minority Member; Condotta and Taylor.

Staff: Jordan Clarke (786-7123).

Background:

Office of the Superintendent of Public Instruction.

In addition to its constitutional charge of supervising all matters pertaining to public schools, the Superintendent of Public Instruction (SPI) and its office has numerous and broad responsibilities prescribed in statute, including:

- making rules and regulations necessary for the administration of public education requirements;
- preparing courses of study and other materials and books for the discharge of education duties; and
- fulfilling financial responsibilities, including distributing legislatively allocated funds to districts for the operation of the public school system and awarding numerous state and federally funded grants.

Career and Technical Education.

As defined in statute, "career and technical education," or CTE, is a planned program of courses and learning experiences that begins with exploration of career options and supports basic academic and life skills. State law specifies that CTE enables the achievement of high

academic standards, leadership, options for high skill, high wage employment preparation, and advanced and continuing education.

Career Connect Washington.

In May of 2017 the Governor commenced a Career Connect Washington initiative (Career Connect Washington) to significantly increase the number of students who pursue good-paying jobs after high school through career-ready education. Funding for Career Connect Washington has been provided from the federal Workforce Innovation and Opportunity Act and private donations. In December of 2017 the Office of the Governor announced the awarding of eight grants throughout the state totaling \$6.4 million for Career Connect Washington.

Summary of Engrossed Second Substitute Bill:

Work-Integrated Learning Initiative.

The Work-Integrated Learning Initiative (Initiative) is established. The purpose of the Initiative is to promote work-integrated learning experiences for students by providing:

- an opportunity for students to engage in work-based academic programs, such as internships, externships, and apprenticeships with public and private sector employers; and
- a framework for the development and replication of successful work-integrated learning programs throughout the state.

"Work-integrated learning" is defined to include early, frequent, and systematic learning experiences that are essential for preparing Washington youth for high-demand, family-wage jobs in Washington, and that engage students in grades 5 through 12 or through high school dropout reengagement plans.

Applicant schools receiving funding through participation in the Initiative must meet specified requirements, including:

- providing academic curricula in a work-integrated and career-contextualized manner and including an external mentor for each student in the program;
- demonstrating collaboration with and input from students, parents or guardians, local employers, community members, a workforce development council, and a labor organization;
- reflecting local circumstances, including local industries, employers, and labor markets;
- aligning the high school and beyond plans of participating students to reflect opportunities that may be available through the Initiative; and
- providing reports and data to specified recipients.

Matching Grant Program.

The OSPI may contract with a statewide nonprofit organization with expertise in promoting and supporting work-integrated learning from early learning through postsecondary education to establish a matching grant program to fund projects implemented by schools selected to participate in the Initiative.

The matching grant program, if established, must include the following minimum requirements for the schools:

- a measurable and accountable focus on low-income youth, homeless youth, and youth of color;
- accountability for increasing registered youth apprenticeships, internships, mentors, career planning, and other work-integrated learning experiences;
- the existence of regional coordinators or liaisons to facilitate links between schools, higher education institutions, business, labor, and the community in developing internships and other work-integrated learning experiences; and
- the existence of system-wide support for work-integrated learning experiences, including but not limited to career awareness, career explorations, career counseling, and career preparation and training.

Grant funds awarded through the program may be expended only to the extent that they are equally matched by private sector cash contributions for the program. Also, by November 15, 2020, and yearly thereafter, the OSPI must provide an evaluation to the Governor and the education and economic development committees of the House of Representatives and the Senate.

Work-Integrated Learning Advisory Committee.

The SPI, in consultation with the Employment Security Department and the Workforce Training and Education Coordinating Board (Workforce Board), must convene a Work-Integrated Learning Advisory Committee (Advisory Committee) to provide advice to the Legislature and the education and workforce sectors on creating opportunities for students to: explore and understand a wide range of career-related opportunities through applied learning; engage with industry mentors; and plan for career and college success.

The chair or co-chairs of the Advisory Committee must be selected by its members, and staff support must be provided by the OSPI.

The Advisory Committee is tasked with:

- assisting the OSPI in the development of an application process and the selection of schools to participate in the Initiative;
- advising the SPI on the development and implementation of work-integrated instructional programs;
- reviewing, in accordance with specified criteria, the instructional programs of qualifying projects funded through the Career Connect Washington program and of schools selected to participate in the Initiative;
- analyzing barriers to statewide adoption of work-integrated and career-related learning opportunities and instructional programs;
- recommending policies to implement work-integrated and career-related strategies that increase college and career readiness of students statewide;
- consulting with individuals from the public and private sectors with expertise in CTE and work-integrated training;
- working collaboratively with an Expanded Learning Opportunities Advisory Council proposed in Engrossed Substitute House Bill No. 2802; and
- reporting its findings and recommendations to the State Board for Community and Technical Colleges, the State Board of Education, the Washington Student

Achievement Council, and the education committees and economic development committees of the House of Representatives and the Senate by July 1, 2022.

The Advisory Committee must, at a minimum, be composed of the following members:

- one member from each of the two largest caucuses of the House of Representatives and the Senate;
- the SPI or the SPI's designee;
- one educator representing the kindergarten through grade 12 (K-12) CTE sector, appointed by the SPI;
- one school counselor appointed by the SPI;
- one educator representing the community and technical colleges;
- one member of the Office of the Governor specializing in CTE and workforce needs; and
- one member of the Workforce Board.

In addition, the Advisory Committee must convene a subcommittee that includes members representing manufacturing, industry, labor, apprenticeships and other members with specialized expertise.

Provisions establishing the Advisory Committee and prescribing its duties expire on September 1, 2022.

Appropriation: None.

Fiscal Note: Available.

Effective Date: The bill takes effect 90 days after adjournment of the session in which the bill is passed.

Staff Summary of Public Testimony (Education):

(In support) This bill is the culmination of good ideas that come from all parts of Washington, including a partnership that exists in southwest Washington. The federal Manpower Act gave young people a chance to visit workplaces and to explore career opportunities, but today's youth do not have the same opportunities. Some students, including those at Aviation High School, have impactful learning experiences. This bill attempts to seed these types of work-integrated learning opportunities, building on the work of the Governor and bringing back to the House Education Committee lessons that it might use to give every student an outside mentor and a work-integrated learning opportunity.

The bill and the concept of work-integrated learning should be supported. A recent report from the SBE encouraged exploring career integrated learning. The SBE should be added to the Advisory Committee established in the bill.

The concepts in the bill and the ability to advance work-integrated learning deserve support, but some duties should be shifted to the OSPI. Stakeholders look forward to supporting the bill, reviewing the amendment, and synergizing the ideas to deliver engaging K-12 education.

A network of career-connected learning supporters are ready to support the concept, but they have needed a policy infrastructure to properly advance their efforts.

(Opposed) None.

Staff Summary of Public Testimony (Appropriations):

(In support) Career and Technical Education courses are hands-on and technical in nature. The classes help students develop knowledge, skills, and abilities so they can have high quality experiences while they are in school, and make connections to their next step for post-secondary success and eventual careers. The Office of the Superintendent of Public Instruction is committed to returning pride and a sense of value in the world of work. This bill will support that.

(Opposed) None.

Persons Testifying (Education): Representative Santos, prime sponsor; Randy Spaulding, State Board of Education; Rebecca Wallace, Office of the Superintendent of Public Instruction; Tim Knue, Washington Association of Career and Technical Education; and Eleni Papadakis, Workforce Training and Education Coordinating Board.

Persons Testifying (Appropriations): Rebecca Wallace, Office of the Superintendent of Public Instruction.

Persons Signed In To Testify But Not Testifying (Education): None.

Persons Signed In To Testify But Not Testifying (Appropriations): None.
