manufactured home community owners. Among its duties, the Office provides technical assistance to tenants who are participating in the conversion of a mobile home park to resident ownership under the Park Purchase Program, and provides financial assistance for displaced homeowners under the Mobile and Manufactured Home Relocation Assistance Program (Relocation Assistance Program) when mobile home parks close.

Mobile and Manufactured Home Relocation Assistance Program.

The Relocation Assistance Program, administered by the Office, provides monetary assistance on a first-come, first-served basis to low-income persons owning mobile homes located in mobile home parks that are scheduled for closure or conversion to another use. Tenants residing in parks that are closed because of park-owner fraud or health and safety concerns are given priority to available funds. Payments are made by the Office upon verification of eligibility and subject to the availability of funds.

To be eligible for relocation assistance:

- a tenant's household income must be no greater than 80 percent of the median family income for the county where the mobile or manufactured home is located; and
- the homeowner must maintain ownership and either relocate the home or dispose of it if it cannot be relocated.

Eligible mobile home owners may receive reimbursement of relocation expenses up to \$12,000 for a multi-section home and \$7,500 for a single-section home. The Relocation Assistance Program is funded by a \$100 fee on the issuance of a certificate of title for mobile and manufactured homes. If a person receives any payments for relocation, outside of funds provided by the Relocation Assistance Program, the funds from the Relocation Assistance Program will be reduced by the amount of outside funding received. If the amount of assistance received from an outside source exceeds the maximum amount of assistance a person is eligible for under the Relocation Assistance Program, then the person is not eligible for Relocation Assistance Program funds.

Owners of recreational vehicles (RVs) and travel trailers are not eligible for relocation assistance.

---

**Summary of Substitute Bill:**

Tenants seeking relocation assistance from the Relocation Assistance Fund may receive outside payments from their mobile park owner for any purpose, without reducing their eligibility for relocation assistance funds.

**Substitute Bill Compared to Original Bill:**

The substitute bill eliminates the underlying bill and makes a change to the Relocation Assistance Program, allowing mobile and manufactured home tenants seeking relocation assistance from the Mobile Home Park Relocation Assistance Fund to receive outside payments from their mobile park owner for any purpose, without reducing their eligibility for relocation assistance funds.

**Appropriation:** None.

**Fiscal Note:** Available. New fiscal note requested on February 19, 2017.

**Effective Date of Substitute Bill:** The bill takes effect 90 days after adjournment of the session in which the bill is passed.

**Staff Summary of Public Testimony:**

(In support) The goals for the Relocation Assistance Program include having adequate funds for relocation assistance, and with rising numbers of mobile and manufactured home closures, providing a means for mobile home park owners to keep their property current and updated for tenants. The changes included in this legislation are good for the state, local jurisdictions, and tenants, and preserves affordable housing opportunities to allow mobile home parks to operate longer. We need to keep affordable housing affordable for tenants and to keep these communities current.

(Opposed) It is important that relocation assistance funds are preserved for low-income housing purposes because funds are limited. The Assistance Program should continue to be used for its intended purpose for assistance to homeowners when mobile home parks close.

The only way to help is to fully compensate home owners for the loss of their homes. Currently, only actual expenses for relocation are compensated, but home owners cannot use the funds for any other purpose, including rental costs. This purpose is needed because most mobile homes are demolished when mobile and manufactured homes are closed. There is going to be an increase in the number of mobile and manufactured homes eliminated because of mobile home park closures, increasing the need for relocation assistance funding and flexibility to use the funds as needed.

Having a tiered structure to pay into a relocation fund is problematic for some mobile and manufactured home owners. For many, they would be required to pay into the fund, but would not qualify for relocation assistance if their mobile home park closed.

**Persons Testifying:** (In support) Representative Ryu, prime sponsor; and Craig Hilis, Manufactured Housing Communities of Washington, Incorporated.

(Opposed) Ishbel Dickens and Jan Slyvester, Association of Manufactured Home Owners; Nancy Sapiro, Columbia Legal Services; and Robert Ashmore.

**Persons Signed In To Testify But Not Testifying:** None.
