**Staff:** Paul Ingiosi (786-7114).

**Background:**

In 2016 Engrossed Second Substitute House Bill 2872 made a number of changes concerning the recruitment and retention of Washington State Patrol (WSP) commissioned officers. In addition to an organizational study of the WSP conducted by the Office of Financial Management (OFM), a one-time 5 percent compensation increase for troopers, sergeants, lieutenants, and captains, and direction to the WSP to develop a comprehensive outreach and marketing strategic plan, the minimum monthly salary paid to the WSP troopers and sergeants must have been made competitive with law enforcement agencies within the state on July 1, 2017. Salary levels on July 1, 2017, must also have been guided by the average of compensation paid to the corresponding rank from the Seattle Police Department, King County Sheriff's Office, Tacoma Police Department, Snohomish County Sheriff's Office, Spokane Police Department, and Vancouver Police Department. The comparison data used was accurate as of July 1, 2016. Finally, salary increases for captains and lieutenants that are collectively bargained must also be proportionate to the increases for troopers and sergeants.

**Summary of Substitute Bill:**

From 2019-2021 through 2023-2025, a salary survey of the six specified local law enforcement agencies undertaken in the collective bargaining process must occur each biennium. The results will be used to ensure the minimum monthly salary paid to the WSP troopers and sergeants continues to be competitive with law enforcement agencies within Washington going forward.

By December 1, 2024, the OFM must report to the Governor and the transportation committees of the Legislature on the efficacy of recruitment and retention efforts. Using the 2016 salary survey data, the OFM must report include an analysis of voluntary resignations of troopers and sergeants and a comparison of academy class sizes and trooper graduations.

**Appropriation:** None.

**Fiscal Note:** Available.

**Effective Date:** The bill takes effect 90 days after adjournment of the session in which the bill is passed.

**Staff Summary of Public Testimony:**

(In support) The discussions around the WSP recruitment and retention efforts have been going on for a few years. A recent study completed by the Joint Transportation Committee

concluded the WSP troopers were underpaid compared to their peer agencies, and there was a significant morale problem. Troopers were being actively recruited by other local law enforcement agencies, and the WSP was losing substantial numbers of troopers to those agencies. The Legislature addressed this issue by basing WSP salaries on the agencies they were losing troopers to. The focus on morale and the salary adjustments over a two-year period have made a huge difference and started to turn things around, but the salary changes were only put in place for one biennium. The salaries are now competitive and supporters would like to continue that going forward. Placing a salary comparison formula in statute would ensure the WSP stays competitive for years to come.

(Opposed) None.
