- Makes supplemental transportation appropriations for the 2017-19 fiscal biennium.

Staff: Amy Skei (786-7109).

Background:

Washington state government operates on a fiscal biennium that begins on July 1 of each odd-numbered year. Supplemental budgets are typically enacted in each of the following two years after the adoption of a biennial budget. Appropriations are made in the biennial and supplemental transportation budgets for the operation and capital expenses of state transportation agencies and programs.

The 2017-19 State Transportation Appropriations Act (Transportation Budget) appropriated a total of \$8.5 billion from a number of transportation accounts. The 2017-19 Omnibus Operating Budget contained appropriations for transportation-related compensation increases.
