Any private citizen needing such representation should consult a private attorney. Veterans, military personnel, and their families may be eligible to receive certain free or low-fee legal services

Summary of Bill: An office of military and veteran legal assistance is created within the Attorney General's Office for the purpose of promoting and facilitating civil legal assistance programs, pro bono services, and self-help services for military service members, veterans, and their family members domiciled or stationed in Washington State. If specific funding for the purposes of this act is not provided by June 30, 2017, in the Omnibus Appropriations Act, this act is null and void.
