Inflationary Adjustments. The PDC is authorized by rule to adjust the monetary thresholds that trigger some of the reporting requirements every two to five years based on inflation. The PDC also must adjust the contribution limits and certain monetary thresholds every even-numbered year, based on inflation. The monetary adjustments are authorized by rule and apply to the monetary threshold reporting for an independent expenditure, contributions made by candidates, certain contributions that must be made by written instrument, and reporting by employers of lobbyists who contribute over certain amounts. Currently, independent expenditures must be reported to the PDC only if valued at \$800 or greater, and contributions must be made by written instrument only if valued at \$80 or greater.

**Summary of Bill:** Independent expenditures must be reported to the PDC only if valued at \$1,000 or greater. Contributions must be made by written instrument only if valued at \$100 or greater. The PDC mandate to periodically adjust those thresholds by rule is removed.

**Appropriation:** None.

**Fiscal Note:** Available.

**Creates Committee/Commission/Task Force that includes Legislative members:** No.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Staff Summary of Public Testimony:** PRO: Language in statute is clumsy, and this allows the PDC to revisit and increase these amounts less frequently. These are nice round numbers that make sense.

**Persons Testifying:** PRO: Representative Laurie Dolan, Prime Sponsor; Peter Lavallee, PDC.

**Persons Signed In To Testify But Not Testifying:** No one.
